A. INTRODUCTION

1. Superintendent's Compendium Described

The Superintendent's Compendium is the summary of park specific rules implemented under 36 Code of Federal Regulations (36 CFR). It serves as public notice, identifies areas closed for public use, provides a list of activities requiring either a special use permit or reservation, and elaborates on public use and resource protection regulations pertaining specifically to the administration of the park. The Superintendent's Compendium does not repeat regulations found in 36 CFR and other United States Code and CFR Titles, which are enforced without further elaboration at the park level.

The regulations contained in 36 CFR, Parts 1-7, are the basic mechanism used by the National Park Service (NPS) to preserve and protect the natural and cultural resources of the park and to protect visitors and property within the park. Parts 1 through 6 are general regulations applicable to all areas of the National Park system, and Part 7 contains special regulations specific to individual parks. Each of these Parts has many sections and subsections articulating specific provisions. Within some of these Part 1-7 sections and subsections, the Superintendent is granted discretionary authority to develop local rules to be responsive to the needs of a specific park resource or activity, park plan, program, and/or special needs of the general public.

As an example, 36 CFR 1.5(a) *Closures and Public Use Limits* provides the Superintendent certain discretion in allowing or disallowing certain activities. The authority granted by the Section, however, requires the Superintendent to comply with the Administrative Procedures Act (6 USC Section 551), which requires public notice on actions with major impact on visitor use patterns, park resources or those that are highly controversial in nature.

Another example is 36 CFR 1.6 *Permits*, which allows the Superintendent to require a permit for certain uses and activities in the park. This Section, however, requires that a list of activities needing a permit (and a fee schedule for the various types of permits) be maintained by the park.

A final example is 36 CFR 2.1(c) (1) *Preservation of Natural, Cultural and Archeological Resources*, which provides the Superintendent the authority to designate certain fruits, nuts, berries or unoccupied seashells which may be gathered by hand for personal use or consumption. This activity can occur, however, only if a written determination shows that the allowed activity does not adversely affect park wildlife, the reproductive potential of a plant species, or otherwise adversely affect park resources.

This Compendium should be used in conjunction with Title 36 CFR, Parts 1-7, to more fully

understand the regulations governing the use and enjoyment of all the areas of the national Park System.

A copy of Title 36, CFR, can be purchased from the U.S. Government Printing Office at:

2. Laws and Policies Allowing the Superintendent to Develop This Compendium

The National Park Service (NPS) is granted broad statutory authority under 16 United States Code (U.S.C.) Section 1 *et. seq.* (Organic Act of 1916, as amended) to "...regulate the use of the Federal areas known as national parks, monuments, and reservations...by such means and measures as conform to the fundamental purposes of the said parks...which purpose is to conserve the scenery and the natural and historic objects and the wildlife therein and to provide for the enjoyment of the same in such manner and by such means as will leave them unimpaired for the enjoyment for future generations" (16 U.S.C. Section 1). In addition, the NPS Organic Act allows the NPS, through the Secretary of the Interior, to "make and publish such rules and regulations as he may deem necessary or proper for the use and management of the parks, monuments, and reservations under the jurisdiction of the National Park Service" (16 U.S.C. Section 3).

In 1970, Congress amended the NPS Organic Act to clarify its intentions as to the overall mission of the NPS. Through the General Authorities Act of 1970 (16 U.S.C. Sections 1a1-1a8), Congress brought all areas administered by the NPS into one National Park System and directed the NPS to manage all areas under its administration consistent with the Organic Act of 1916.

In 1978, Congress amended the General Authorities Act of 1970 and reasserted System-wide the high standard of protection defined in the original Organic Act by stating "Congress further reaffirms, declares, and directs that the promotion and regulation of the various areas of the National Park System, as defined by Section 1 of this Title, shall be consistent with and founded in the purpose established by Section 1 of this Title, to the common benefit of all people of the United States."

16 U.S.C. Section 1c defines the National Park System as "...any areas of land and water now or hereafter administered by the Secretary of the Interior through the National Park Service for park, monument, historic, parkway, recreational, or other purposes."

In addition to the above statutory authority, the Superintendent is guided by established NPS policy as found in the *NPS Management Policies* (2006). The Superintendent is also guided by more specific policies promulgated by the Director, National Park Service, in the form of Director's Orders. As stated in the Management Policies, the primary responsibility of the NPS is to protect and preserve our national natural and cultural resources while providing for the enjoyment of these resources by visitor and other users, as long as use does not impair specific park resources or overall visitor experience. The appropriateness of any particular visitor use or recreational experience is resource-based and will vary from park to park; therefore, a use or activity that is appropriate in one park area may not be appropriate in another. The Superintendent is directed to analyze overall park use and determine if any particular use is appropriate. Where conflict arises between use and resource protection, where the Superintendent has a reasonable basis to believe a resource is or would become impaired, than that Superintendent is obliged to place limitations on public use.

3. Consistency of This Compendium with Applicable Federal Law and Requirements

The Superintendent's Compendium is not considered a significant rule requiring review by the Office of Management and Budget under Executive Order 12866. In addition, this Compendium will not have a significant economic effect on a number of small entities nor impose a significant cost on any local, state or tribal government or private organization, and therefore does not fall under the requirements of either the Regulatory Flexibility Act or the Unfunded Mandates Reform Act.

The actions and requirements described in this Compendium are found to be categorically excluded from further compliance with the procedural requirements of the National Environmental Policy Act (NEPA) in Department of the Interior (DOI) Guidelines 516 DM 6 and as such, an Environmental Assessment will not be prepared.

4. Development of the Requirements of the Superintendent's Compendium

As outlined above, the NPS has broad authority and responsibility to determine what types of uses and activities are appropriate in any particular National Park System area. The requirements of the Superintendent's Compendium are developed through an analysis and determination process. The decision criteria used during this process are:

- Is there use or activity consistent with the NPS Organic Act and NPS policy?
- Is the use or activity consistent and compatible with the park's enabling legislation, management objectives, and corresponding management plans?
- Will the use or activity damage the park's protected natural and cultural resources and other protected values?
- Will the use or activity disturb or be in conflict with wildlife, vegetation, and environmental protection actions and values?
- Will the use or activity conflict with or be incompatible with traditional park uses and activities?
- Will the use or activity compromise employee or public safety?

5. Applicability of the Compendium

The rules contained in this Compendium apply to all persons entering, using, visiting or otherwise present on Federally owned lands, including submerged lands, and waters administered by the NPS within the legislative boundaries of the park. This includes all waters subject to the jurisdiction of the United States, including all navigable waters.

6. Enforcement of Compendium Requirements

NPS Law Enforcement Park Rangers enforce the requirements of the United State Code, 36 CFR, and this Superintendent's Compendium.

7. Penalties for Not Adhering to the Compendium Requirements

A person who violates any provision of the regulations found in 36 CFR, Parts 1-7, or provisions of this Compendium, is subject to a fine as provided by law (18 U.S.C. 3571) up to \$5,000 for individuals and \$10,000 for organizations, or by imprisonment not exceeding six months (18 U.S.C. 3559), or both, and shall be adjudged to pay all court costs associated with any court proceedings. You may receive a list of fines associated with any particular provision by contacting the Chief Ranger at the park address found below.

8. Comments on the Compendium

The Compendium is reviewed annually and revised as necessary. The park welcomes comments about its program and activities at any time.

9. Effective Date of the Superintendent Compendium

The Superintendent's Compendium is effective on the approval date listed on the first page of this document, and remains in effect until revised for a period up to one year.

PARK SPECIFIC DEFINITIONS

Historic Complex is the area of the park south of the Reading-Valley Forge Road at the Visitor Center, north of the Boarding House gate, west of Route 345 and east of the Hopewell Furnace NHS/French Creek State Park boundary beginning at a line established by the School House Ruins and the Collier's Hut.

11. Availability

Copies of the Compendium are available at Hopewell Furnace National Historic Site, 2 Mark Bird Lane, Elverson, PA 19520. It may also be found at:

B. SUPERINTENDENT'S COMPENDIUM

In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following provisions apply to all lands and waters administered by the National Park Service, within the boundaries of Valley Forge National Historical Park. Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

Written determinations, which explain the reasoning behind the Superintendent's use of discretionary authority, as required by Section 1.5(c), appear in this document identified by italicized print.

I. 36 CFR §1.5 – VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

(a)(1) The following visiting hours and public use limits are established for all or for the listed portions of the park, and the following closures are established for all or a portion of the park to all public use or to a certain use or activity:

Visiting Hours

- Mark Bird Lane, Visitor Center area parking lots are closed to public vehicular use between 5:00 pm and 9:00 am daily, except during those times when a permitted or park sponsored event is occurring.
- The Clement Brooke Lane accessible parking lot is open sunrise to sunset
- The Visitor Center is closed to public access from 5:00 pm to 9:00 am daily except during those times when a permitted or park sponsored event is occurring.
- The Historic Complex is closed to visitation from 5:00 pm to 9:00 am daily except during those times when a permitted or park sponsored event is occurring.
- The park is closed on the following holidays: New Year's Day, Martin Luther King, Jr's Birthday (observed date), President's Day, Thanksgiving Day, Christmas Day.
- From Memorial Day weekend until Columbus Day Weekend the Visitor Center parking lot, restrooms, and historic buildings are open to the public seven days a week, 9 am to 5 pm. From Columbus Day until Memorial Day weekend, the Visitor Center parking lot, restrooms, and historic buildings are open to the public Wednesday through Sunday from 9 am to 5 pm. On Mondays and Tuesday during this time the through trails are available from sunrise until dusk.

These visiting hours were determined to be in the best interests of the park and are necessary for the proper management of the park.

Public Use Limits

- In order to manage impacts to the resources and operations of the park, any organized group of 20 or more is required to have a permit

Closures

- All trails, maintenance roads, fire breaks and historic trace roads are closed to all unauthorized vehicles except those roads listed under section 36 CFR §1.5 (a)(2):

These closures are based on the determination that the use of motor vehicles on the historic trace roads would be inappropriate based on the historic nature of those areas of the park. Motor Vehicles would also pose a safety hazard to pedestrian traffic on those dirt and gravel roadways. The use of motor vehicles on Maintenance access roads, also dirt and gravel roadways, would pose a safety hazard to both the public and to employees due to the unpaved surface of the road and the nature of operations (i.e. use of heavy equipment and the movement of various loads).

- The Historic Complex is closed to horse drawn vehicles except those used in interpretive programs.

This closure is based on the determination that the use of horse drawn vehicles by the general public could cause a safety hazard to other visitors in the Historic Complex.

The following activities are prohibited:

- Segways
 - Electric Personal Assistive Mobility Devices (EPAMD)

Segways and other brands of EPAMD are considered motor vehicles as defined under 36 CFR §1.4. Therefore, pursuant to 36 CFR §4.10(a) the recreational use of Segways and other EPAMD on park sidewalks and trails is prohibited.

- Food and Drink are prohibited in the Ironmaster's House except during authorized events.

This closure is based on the determination that food and drink will be prohibited in the Ironmaster's House in order to protect historic buildings and artifacts from damage caused by spills as well as damage caused by increased insect activity as a result of increased food sources created by crumbs and spills.

- Engaging in recreational activities that interfere with or detract from the use and appreciation of historic resources in the Historic Complex area, Visitor Center area and other areas used for interpretive activities are prohibited. These activities include, but are not limited to, kite flying, ball playing, Frisbee throwing, sledding, tobogganing, and skating.

This closure is based on the determination that certain recreational activities such as described above would be inappropriate in certain areas of the park due to the historic nature and setting of those areas.

- The Historic Complex is closed to all bicycle use. The Hopewell Lake Trail, serving as the right of way for the Horse Shoe Trail, is accessible to bicycles. This includes the section of the historic road from the junction in the Historic Complex to the Care House and Route 345.

This closure is based on the determination that the use of bicycles is inappropriate in the Historic Complex area of the park due to the historic setting and concern for the safety of the visiting public.

- Picnicking in the Historic Complex is prohibited.

This closure is in place to assure that visitors to the Historic Complex are not distracted by activities that could detract from the visitor's appreciation of the historic scene.

- Unmanned Aircraft. Launching, landing or operating an unmanned aircraft from or on lands and waters administered by the National Park Service within the boundaries of Hopewell Furnace NHS is prohibited except as approved in writing by the park superintendent.
- The feeding of park farm animals is prohibited except under the supervision of park staff. T

The Superintendent has determined that the feeding of park farm animals is inappropriate due to a concern for the health and safety of the animals and the safety of the visiting public.

(a)(2) The following areas have been designated for a specific use or activity, under the conditions and/or restrictions as noted:

Park roads, open for travel by motor vehicle are indicated below:

- Mark Bird Lane
- Clement Brooke Lane
- Bethesda Road
- Harrison-Lloyd Road (Green Lane)
- Hopewell Road
- PA Route 345
- Park Road
- Shed Road

E-bikes

E-bikes are allowed in Hopewell Furnace National Historic Park where traditional bicycles are allowed. E-bikes are prohibited where traditional bicycles are prohibited. Except on park roads and other locations where use of motor vehicles by the public is allowed, operators may only use the power provided by the electric motor to assist pedal propulsion of an e-bike.

Please refer to the most current version of the parks trail map for these locations, which can be found at <https://www.nps.gov/hofu/planyourvisit/upload/Hopewell-Map.pdf>

A person operating an e-bike is subject to the following sections of 36 CFR part 4 that apply to the use of traditional bicycles: sections 4.12, 4.13, 4.20, 4.21, 4.22, 4.23, and 4.30(h)(2)-(5).

Except as specified in this Compendium, the use of an e-bike within Hopewell Furnace National Historic Park is governed by State law, which is adopted and made a part of this Compendium. Any violation of State law adopted by this paragraph is prohibited.

NPS Coronavirus Response Information

When the COVID-19 Community Level is LOW or MEDIUM in the county or all the counties where the park is located based on data provided by the Centers for Disease Control and Prevention (CDC), individuals are not required to wear masks.

When the COVID-19 Community Level is HIGH in the county or all the counties where the park is located based on data provided by the CDC, all individuals over the age of two must wear masks, regardless of vaccination status, in all common areas and shared workspaces in buildings owned, leased, or otherwise controlled by the National Park Service, including, but not limited to, park visitor centers, administrative offices, lodges, gift shops and restaurants.

When the COVID-19 Community Level is HIGH in one or more, but not all, of the counties where the park is located based on data provided by the CDC, the superintendent will determine whether individuals are required to wear masks. The requirement, if any, will apply to all facilities within the park.

Masks must cover the nose and mouth and fit snugly around the nose and chin with no large gaps around the sides of the face. Masks not designed to be protective, masks with ventilation valves, and face shields do not meet the requirement.

Regardless of the COVID-19 Community Level, individuals may wear masks if they choose to do so. Where a state, local, tribal, or territorial government where the park is located imposes more protective mask-wearing requirements than those indicated by the COVID-19 Community Level, individuals must follow those more protective requirements within the park. More protective state, local, tribal, or territorial mask-wearing requirements are hereby adopted as federal requirements in all units of the National Park System located within that state, locality, area subject to a federally recognized Indian tribe's regulatory jurisdiction, or territory, regardless of a particular park's jurisdictional status.

Additionally, all individuals must wear masks in or on public transportation conveyances and transportation hubs/facilities, to the extent required by current orders or directives issued by the CDC, the Transportation Security Administration (TSA), or other federal agencies with jurisdiction over those conveyances or areas. As of March 4, 2022, CDC and TSA orders or directives require all individuals regardless of vaccination status to wear masks in indoor areas of all forms of public transportation conveyances, including busses, trains, and boats/ferries, and in the indoor premises of transportation hubs/facilities. Individuals are not required to wear masks while outdoors on conveyances or while outdoors on the premises of transportation hubs/facilities.

CCTV Policy Statement

In accordance with National Park Service Law Enforcement Reference Manual 9 (RM-9), notice is hereby given that Valley Forge National Historical Park uses Closed Circuit Television (CCTV) security camera monitoring.

The park's use of Closed Circuit Television (CCTV) for law enforcement and security purposes will only be to visually monitor public park areas and public activities where no constitutionally protected reasonable expectation of privacy exists. Such CCTV use – which will have adequate privacy and First Amendment safeguards – will be to help ensure public safety and security; facilitate the detection, investigation, prevention, and deterrence of terrorist attack and crime; help ensure the safety of citizens and officers; help assist in the proper allocation and deployment of law enforcement and public safety resources; and help facilitate the protection of the innocent and the apprehension and prosecution of criminals. (RM-9, 26.1)

This policy does not restrict the official use of CCTV in government administrative areas, including administrative buildings, jail holding facilities (RM-9, 26.3.7), revenue collection sites, etc., where the government may record/monitor its facilities. For example, the government may perform unrestricted video/audio recording at revenue collection points (entrance stations, visitor center counters, etc.). This policy does not restrict the use of an Audio/Visual Recording Device (AVRD) in patrol vehicles or officer-worn recording devices used by commissioned rangers. (RM-9, 26.1).

Operation of CCTV cameras, maintenance of recorded images and use of recorded images will be in accordance with NPS and Department policy and applicable laws and regulations. (RM-9, 26.1-26.4) No person will be targeted or monitored merely because of race, religion, gender, sex, disability, national origin, or political affiliation or views. (RM-9, 26.4.2)

Nothing in this policy statement is intended to create any rights, privileges, or benefits not otherwise recognized by law.

All snowmobile use is prohibited in the park.

36CFR § 2.19 – WINTER ACTIVITIES

(a) Skiing, snowshoeing, ice skating, sledding, tubing, tobogganing, and similar winter sports are prohibited on park roads and in parking areas open to motor vehicle traffic.

36 CFR § 2.21 – SMOKING

- Smoking and the use of electronic nicotine delivery systems (ENDS) is prohibited in all Government buildings except single occupancy/single family park quarters. Smoking and the use of ENDS is prohibited in dormitory style housing.

(A) The consumption of an alcoholic beverage or the possession of an open container of an alcoholic beverage would be inappropriate considering other uses of the location and the purpose for which it is maintained or established; or

(B) Incidents of aberrant behavior related to the consumption of alcoholic beverages are of such magnitude that the diligent application of the authorities in this section and §§ 1.5 and 2.34 of this chapter, over a reasonable time period, does not alleviate the problem.

- All areas in the boundaries of Hopewell Furnace National Historic Site are closed to alcohol

consumption with the exception of park residences, lease premises, and functions approved by the superintendent.

The park is close to highly populated areas and heavily traveled public roads traverse the park. For these reasons some users may come to the park for the sole purpose of consuming alcohol. The park staff has noticed that behavior induced by the consumption of alcohol by some persons may at times destroy the enjoyment of the park by others. This restriction is consistent with the Pennsylvania state park restriction on alcohol.

A permit shall be denied if such activities would:

(3) The 25-person maximum for the small group permit exception may be reduced for a designated available area, but only if:

- (i) A written determination that a 25-person group cannot be reasonably physically accommodated within that area is approved by the regional director; and
- (ii) The written determination is made available at the office of the superintendent and by public notice under § 1.7 of this chapter.

(4) In the event that two or more groups taking advantage of the small group permit exception seek to use the same designated available area at the same time, and the area cannot reasonably accommodate multiple occupancy, the superintendent will, whenever possible, direct the later-arriving group to relocate to another nearby designated available area.

(c)Designated available park areas.

(1) Locations may be designated as available for demonstrations under this section, and for the sale or distribution of printed matter and the free distribution of other message-bearing items under § 2.52, only if these activities would not:

36 CFR § 2.52 -- SALE OR DISTRIBUTION OF PRINTED MATTER

(a)*Printed matter and other message-bearing items.* The term “printed matter” means message-bearing textual printed material such as books, pamphlets, magazines, and leaflets, provided that it is not solely commercial advertising. The term “other message-bearing items” means a message-bearing item that is not “printed matter” and is not solely commercial advertising. Other message-bearing items include, but are not limited to: Readable electronic media such as CDs, DVDs, and flash drives; clothing and accessories such as hats and key chains; buttons; pins; and bumper stickers.

(b)*Permits and the small group permit exception.* The sale or distribution of printed matter, and the free distribution of other message-bearing items without asking for or demanding payment or donation, is allowed within park areas if it occurs in an area designated as available under § 2.51(c)(2) and when the superintendent has issued a permit for the activity, except that:

(1) Sale or distribution activity by 25 persons or fewer may be conducted without a permit within designated park areas, provided that:

(i) None of the reasons for denying a permit that are set out in paragraph (e) of this section are present;
