

## **S106 Design Review Team Meeting Notification 9-25-2012**

In compliance with the stipulations outlined in the programmatic agreement currently in the signature process for this project, the S106 Design Review Team will formally accept final protocol in their first official design meeting on Thursday October 4 at 2 pm Central time.

Also on the agenda will be review of 100% draft schematic design plans for the Luther Ely Smith Square project component (Area 1) and predesign plans for the museum project component (Area 3).

To help you better understand the design components for this project, a figure showing each component is attached below.

For questions about the S106 Design Review Process, please contact Margo Muhl Brooks or Greg Cody at:
