

-  Walkway
 -  Approximate site 1815 cypress swamp
 -  Outdoor exhibit
 -  Site of artillery battery
 -  Mud rampart site
 -  Rodriguez Canal
- A mud rampart built before the battle was the main American defense line. With the Rodriguez Canal in front, it proved an effective barrier to the British advance. Part of the rampart has been reconstructed.

For Your Safety Watch for and avoid small mounds of dirt. Biting fire ants may live there.

American battery site (no longer exists) is on west bank of Mississippi River.
