

# Kennedy Can

---

## KNOWING

JFK knew about the missiles.  
He wanted to stop Russia from launching them.  
He succeeded.  
It's important to be calm and peaceful  
when making big decisions.

## ENERGETIC

JFK's navy boat was cut in half by a Japanese destroyer.  
Two men died and one was burned.  
JFK used his energy to swim his crew men to an island.  
They were rescued.  
JFK teaches us to use our bodies and our brains.

## NEVER STOPS HELPING

JFK sent US citizens around the world to help other people.  
Some went to South America to teach, build, farm and nurse.  
JFK's Peace Corps teaches us to be helpful.

## NEVER GAVE UP

Jack competed with Joe a lot.  
He lost a big bike race and learned to think for himself.  
JFK teaches us to always keep trying.

## EQUALITY

JFK wanted no segregation.  
He wanted blacks and whites together.  
He worked with MLK.  
JFK taught the world  
that it doesn't matter what skin color you have,  
it matters what is in your personality.

## DETERMINED

He was determined to send an American to the moon  
before Russia.  
He did!  
This shows us to never give up,  
because if we don't we can accomplish anything.

## YOUTHFUL

Jack's mom took him to museums.  
His father taught him to be competitive.  
At dinner he had to talk about what he learned in school.  
He learned to have fun while learning.  
JFK teaches us to respect and learn from our families.
