Just in time for the National Park Service Centennial\*, **Friends of Griffith Park** invites you to join its corps of ambassadors sharing Griffith Park's place on the **Juan Bautista de Anza National Historic Trail**. The Anza Trail, a program of the National Park Service, connects Mexico to the San Francisco Bay Area. Like its sister trails (Lewis and Clark Trail, Oregon Trail, Trail of Tears) the Anza Trail commemorates a fascinating story of our country's history and culture. Join us for a fun, interactive workshop, and help Griffith Park shine as a premier site along the 1,200-mile Anza Trail! **For more: [www.nps.gov/JUBA](http://www.nps.gov/JUBA)**
