VI. REPORTS/COMMENTS FROM LEGISLATIVE STAFF

A. Amy Berglund, Senator Levin's office: Appropriation requests will be submitted and action is expected at the end of June, mid-July before the Senate committee will address them. They were sent in as joint requests between Senator Levin and Stabenow.

B. Amy Wisti, Congressman Stupak's office: Appropriation requests have been submitted on the house side and they are expected to be considered over the next few weeks, but it could be a few months before it is known if make it through into the bill.

VII. COMMENTS/QUESTIONS FROM THE PUBLIC

A. Ed Yarbrough, Quincy Mine Hoist Ass'n: Stabilization work in conjunction with KEWE on the Boilerhouse and Smokestack adjacent to the No. 4 Boilerhouse is underway. The DEQ has funded a baseline environmental review for the roundhouse and the industrial corridor area in preparation for ground fill money. Worked with Kim Hoagland's class to put together a kitchen of Quincy company house is being restored for the "Key Ingredients" exhibit. The Cultural Landscape Report with NPS is the foundation for future work with the Industrial Archaeology Department and the Social Sciences Department at MTU. Since the Mining Department closed at MTU, building a relationship with the Geology Department, with more activity and interaction.

B. Jill Berglund, Isle Royale Natural History Association: name changing to "Isle Royal – Keweenaw Parks Association" taking place in 2007. Sponsored the first "Key Ingredients" event, recipe contest with kids in Calumet school. The ten winners will be printed on recipe cards with photo and story. They will be available for sale this summer, also a lapel pin for KEWE, and helping out with the passport books.

C. Paul Lehto, Calumet Township: The township received approved four or five façade projects downtown. Working with a contractor on triplex on Waterworks street, might be allowed to use MSHDA money on outside of building. Working on historic sports/hockey displays for inside of Calumet Coliseum.

D. Jean Pemberton, Copper Range Museum: concerned with signage now that M-26 re-routed. Sent an application to 'Michigan Logos' in Lansing (who has contract with M-DOT) for a blue directional sign from highway. Interpretive sign is in for the Western UP Heritage Trail network. New displays: aprons for "Key Ingredients," and the town of Doncken, where Vulcan Corporation used to be, putting together a pamphlet.

E. Jim Lowell, Calumet Theater: kicking off summer season with Local History Smackdown. New stage curtain going up, expected by mid-June. Interviewing for a staffed fundraiser. Archives still stationed at the park. Received a request from Carnegie Museum to put in a display at their site, would like to possibly put together a joint effort between several Heritage Sites to create a display. Expanding website towards more news and archives. Expanding curator program to interpret the archives for website. Fundraising for new curtain – making pillows from the old curtain.

F. Bruce Johanson, Ontonagon Historical Society: Ontonagon Historical Society's will be hosting the Upper Peninsula History Conference on June 22-24. The central gathering place will be in Silver City at the AmericInn, as well as Ontonagon High School, Ontonagon Museum and the Old Victoria mine site.

G. Liza Schneider, graduate student from Skidmore College working on history of the Finnish feminist movement.

VIII. ADJOURNMENT; NEXT MEETING

Moved by Hoagland and seconded by Albee to adjourn the meeting at 10:50 a.m.

Motion carried unanimously (7/0)

The next meeting is scheduled for 9:00 a.m. on July 24, 2007, at Keweenaw Heritage Center at St. Anne's.

These unapproved minutes are respectfully submitted by

Melissa Davis

Keweenaw NHP Mgmt. Asst. Report – 04.24.07

1. The park has received the printed copies of the NPS Management Policies 2006. Copies are available to the Commission, park partners, and the public for review and reference. It is also available for purchase for \$18 through the U.S Government's Printing Office (GPO) at their online bookstore at <http://bookstore.gpo.gov/collections/nparkmgmt.jsp>
2. Headquarters staff has settled into its temporary offices in the Merchants & Miners Building in downtown Calumet. The elevator has been installed so that we have full accessibility to our second floor offices. John will apprise you of the status of the headquarters interior rehab project in his report. I offer a reminder that the main park number(s) have remained the same, but if you wish to contact the Museum Services staff, you need to call 337-1207. It is rather nice being downtown and having a greater uniform presence on the streets of Calumet.
3. Park staff has been working on the DRAFT Memorandum of Understanding for the Keweenaw Heritage Sites Program. This will be covered further in the Partnerships Committee report.
4. The park's TEL Station – Technology Enhanced Learning program – is back in service following an interruption during the temporary office relocation. The TEL Station is now located at the Keweenaw History Center (the former C&H Public Library building) in the Ross Reading Room. We have utilized this technology in the past to offer training to the Keweenaw Heritage Sites and other park partners, and will continue to do so.
5. The Pine Mountain Music Festival organization is the park's new tenant in the Quincy Mine Office building. They are occupying the second floor of the building under a historic property lease agreement.
6. I continue to work closely with the Main Street Calumet program. I am currently serving on the Main Street Board in an ex-officio capacity. If there are any park-related issues that you would like brought to the attention of the Main Street Board, please let me know. I also serve on the Building Committee and the Organization Committee. We will be featuring the Calumet Theatre for the 2008 historic buildings ornament, which we offer as a membership premium at the \$100 Superintendent membership level. Of course, new members and volunteers are always welcome!

Keweenaw NHP - January 23, 2007 Interpretation & Education Update

PMIS Update:

1. Completed five PMIS submissions and updated two other statements.
 - FY 2008 Create Education Steering Committee – requesting \$5,700.00.
 - FY 2008 Create Park Handbook for Visitors – requesting \$141,091.00.
 - FY 2008 Fund Seasonal Staff at Quincy Visitor Information Desk – requested through FY2013.
 - FY 2008 Fund Volunteer Program – requested through FY2013.
 - FY 2008 Provide Interpretive Exhibits and Furnishings for Park HQ – requesting \$246,943.00.
 - FY 2011 Create Virtual Education Curriculum for KNHP – requesting \$55,000.00.
 - FY 2010 Create Interior Interpretive Exhibits in former C&H Payshed – requesting \$492,600.00.

Outside Organizations and Events:

2. Currently assisting the CCISD (Copper Country Intermediate School District) with the submission of an NEH (National Endowment for the Humanities) grant for 2008. The grant is for a series of teacher workshops that focus on the park and local history.
3. April 28, 2007 has been designated as National Junior Ranger day by the Washington Office. A local event is being coordinated by Kathleen with assistance from two CLK educators.
4. Continued involvement in the Key Ingredients event slated for July and August of 2007.
5. Copper Country Scenic Byway - Steve and Kathleen are involved with the Interpretation Committee and the review of grant submissions.
6. Isle Royale Natural History Association voted to retain Keweenaw NHP at their October board meeting. They also have a new board member – Arnie Arnanen. The board has also agreed to a new name – Isle Royale and Keweenaw Parks Association. The name change will occur in 2007 once all members have received notice.

Reports:

7. Completed and submitted the National Park Foundation final report for the Junior Ranger Ambassador Program. While the project is still underway, the final report was due in December. This project has resulted in the park's first Junior Ranger book –something that could not have been accomplished without the aid and assistance of the National Park Foundation, Ocean Spray, and the Student Conservation Association - see attached document.
8. Completed the Annual Service-wide Interpretive Report.
9. Completed the Annual Volunteer Management Report.
10. 2006 Visitor Statistics for KEWE and Keweenaw Heritage Sites – see attached

Media Update:

11. Web update
 - a. All Advisory Commission meeting minutes are on the web (dating back to 1995).
 - b. Calumet Unit map created by Dan with Steve's input and assistance. Continual updating and maintenance on a recurring basis.

12. Park Unigrid
 - a. Text was finalized after many revisions and conference calls with Harpers Ferry.
 - b. The park is still awaiting review of the maps (peninsula and two unit maps). This is supposed to arrive sometime in January.
 - c. The park must also provide one more review of the entire document before it goes to print.
 - d. The park anticipates receiving the finished product in time for the summer season.
13. Junior Ranger Book Development
 - a. Text and illustrations are being finalized.
 - b. A publication class from Finlandia University will be doing the design. This is being done for two reasons; lack of NPS staff time and funds and to provide local university students with real life media experience.
 - c. Once complete, the book will be available free of charge to all park visitors.
 - d. Target completion and distribution date is mid-April.
14. Work will continue on the Calumet self-guided walking tour brochure later this winter.
15. Dan created the new 4th Thursday in History poster – see attached.
16. Research and text is being done for the creation of a pasty site bulletin by park volunteer Valerie Newman. Design and layout will be completed by Dan and Valerie. The bulletin will be ready for the summer season and the Key Ingredients exhibit.
17. 2007 Summer Newspaper
 - a. Articles are being written by each park division
 - b. Design and layout is being worked on by Dan.
 - c. Questions have arisen regarding the design and printing of the centerfold map – this must still be resolved.
 - d. Target printing and delivery is late April-early May.

Miscellaneous Activities:

18. The seasonal hiring announcement for interpretation was posted on USAJobs from December 22, 2006 – January 19, 2007. Budget is questionable regarding the length of the seasonal positions and their grade.
19. Kathleen attended ATR (Agreements Technical Representative) Training December 4-8, 2006. The training was crucial in understanding the policies and guidelines regarding Cooperative Agreements, Memorandums of Understanding, Grants, and Awards. Steve DeLong, Betsy Rossini, and Pam Griffin also attended.
20. Interpretive training this year is questionable due to staff time and commitments.
21. The IRNHA sales outlet is open and operational at the new park headquarters office.

Division of Museum, Archives & Historical Services UPDATE

Prepared by Abby Sue Fisher

Highlights

1. Thanks to Ed Jenich who raised \$1,000 from local sponsors in support of the fifth annual High School Local History Smackdown which takes place this Thursday (April 26) at 7:00 in the Calumet Theatre. 18 teams are registered and it should be an exciting event. This is a huge effort and I want to thank all the staff that has helped out. We have two radio spots on Wednesday, Brian will be talking to WMPL during Davey's weekly Calumet Theatre show; and I'll be interviewed by Dick Storm on Eagle radio.
2. This June marks our 6 year anniversary for the Fourth Thursday in History program. We started in June 2001 and have held 58 presentations throughout the four-county area. Next month on May 24, Lynn Bjorkman will be presenting on The Making of a "Handsome and Commodious" Building: A Closer Look at the Quincy Mine Office. This will take place at the Quincy-Franklin-Hancock Fire Station at 7:00. An open House beginning at 6 will be held at the Quincy Mine Office. Then on June 28 Bill Rose will talk about the Geology of the Keweenaw, taking place in room 139 at Fisher Hall on the MTU campus.
3. Several projects are going on in our building. We're currently working with 6 volunteers working on a variety of projects such as the Calumet Theatre archive project, Coppertown USA photograph collection, central files, cataloging printing plates and fraternal organization regalia.
4. Jeremiah is busy processing the Ross collection in preparation for the Gathering of Cornish Cousins taking place in July. All the Greenland Township records have been cycled through the Wei T'o and are being vacuumed before they are processed. He continues to provide reference services and has filled 112 requests since the beginning of October.
5. Jo is working with Chassell Heritage Center and Little Brothers Friends of the Elderly to help them design oral history projects. She also just consolidated staff comments on a resource assessment conducted by the National Parks Conservation Association. Jo spoke to an MTU class about public history and the NPS, and continues to work on the Cultural Landscape Report and Central files.

6. Along with all the other projects mentioned, Brian is busy with accession inventories and putting our storage rooms back in order after installation of the fire suppression system. The full division staff are in the midst of spring cleaning the collections and collection storage areas.
7. Abby sue will be presenting a talk at the American Association of Museums annual meeting in Chicago next month. The topic is how to write a collections handling manual. She has also been in the process of developing a Cost Recovery Plan which is almost complete.
8. Division staff are preparing to field collect early 20th century records from the basement vault in the Quincy Mine Office next week. This requires the use of respirators and full protection gear as the records are moldy. We'll be bringing them to Warehouse No. 1 to cycle through the Wei T'o.
9. We applied for project funds through the NPS Museum Collection Preservation and Protection program and received \$17,936 to purchase roller shades for the second floor library windows, a water detection system for the basement, storage shelving, and archival housings.
10. Jeremiah has been successful in recruiting an intern, from the University of Michigan, School of Information program. This is the same program where Jeremiah received his archival training. Kent Randell will be working with us for about 5 weeks this summer. He has roots in this area so housing is not an issue. We also received an inquiry about another potential intern interested in museum work who is coming home for the summer.
