Welcome to Lake Meredith National Recreation Area

The operation of a motor vehicle off roads within the recreation area is prohibited except at the locations designated by Title 36 CFR 7.57. Rosita and Blue Creek are designated locations for off road use.

**Off-road Vehicle**

*Off-road vehicle* means any motorized vehicle (including standard automobile) designed for or capable of cross-country travel on or immediately over land, water, sand, snow, ice, marsh, swampland, or natural terrain.

**Boundaries**

Lake Meredith National Recreation Area is surrounded by private land. Become familiar with fenced boundaries and posted signs closing an area to all vehicles beyond that point. Trespassing on private land or in a closed area can be costly. Violators will be prosecuted.

**Operational and Vehicle Requirements**

- All off-road vehicles must comply with Texas Parks and Wildlife Code, Chapter 29 Off-Highway Vehicle trail and recreational program.
- At Rosita, operating a motor vehicle in an isolated pool of water that is not connected to or touching flowing water is prohibited.
- Operating a motor vehicle on vegetation is prohibited.
- Glass containers are prohibited in designated areas, routes, and access points, and in camping zones.
- Operating a motor vehicle in excess of 35 mph (unless otherwise posted) on designated routes and access points at Blue Creek and Rosita is prohibited.
- A motor vehicle must display lighted headlights and taillights during the period from one-half hour before sunset to one-half hour after sunrise.
- Motor vehicles must have a functioning muffler system. Motor vehicles that emit more than 96 decibels of sound (using the SAE J1287 test standard) are prohibited.
- Operating a motor vehicle with a wheel width greater than 65 inches in a Resource Protection Zone is prohibited.

---

**Be Safe!**

All visitors ride at their own risk. Use caution because these areas are not set aside exclusively for ORV use. For more information, Park Headquarters at (806) 857-3151. In case of emergency, call 911 or Borger Police Department at (806) 273-0930 for Ranger Assistance.
Mullinaw Crossing
Open seasonally
Roads accessed through Mullinaw Crossing are not maintained. Steep grades are present. Four-wheel drive vehicles are recommended. Vehicle operators are responsible for removal of vehicle if it becomes stuck or disabled.

Lake Meredith NRA is surrounded by private lands.

Do not use this map for hiking or navigation purposes.

Visitor Information Information hours vary seasonally. Call (806) 857-3151 for current hours of operation.

Park Headquarters Visitor Information

Daymarker 15 marks the southeastern most point where hunting is permitted on the southeastern shore of Lake Meredith. All hunting is prohibited in the Park between daymarker 15 and the paved road east of the Sanford-Yake Ranger Station. Daymarker 15 is marked from the lakeshore, and is located at 35° 38’ 36.9” north latitude, by 101° 38’ 30.1” west longitude (WGS84). "No Hunting" signs are posted upslope from the daymarker.

Open to Hunting Areas open to hunting within park boundary
Closed to Hunting Areas closed to all hunting within park boundary
Archery and Shotgun Areas open to hunting using archery or shotgun only.
Caution Area - 200 yard rule Use caution in these areas due to visitor use. No hunting within 200 yards of these areas.

No vehicles are allowed downstream of Chicken Creek.

Visitor Information

Boat Ramp Ramps may not be open due to low water depth. Call for current status.
