

Lassen Volcano Club Card

To become a member complete at least 7 of the activities listed below and mail to:

Front Desk
Attn: Volcano Club Membership
Lassen Volcanic National Park
PO Box 100
Mineral, CA 96063

Your Name and Address

1. Describe three features you might see (or smell!) in Lassen Volcanic's largest hydrothermal area, Bumpass Hell:

2. List two safety rules everyone should follow when visiting Lassen Volcanic's thermal areas.
3. Imagine you are a newspaper reporter. Write a short story about the eruption of Lassen Peak from what you learned on the Lassen Volcanic National Park web pages.. (Attach extra pages, if needed.)

Lassen Volcanic National Park

National Park Service
U.S. Department of the Interior

4. List three different rock types found at Lassen Volcanic National Park.

5. Describe the four different kinds of volcanoes found both at Lassen Volcanic and around the world.

6. Explain how the huge rocks on the Devastated Area Interpretive Trail got from the top of Lassen Peak to where they sit today. (Hint: check out the USGS Fact Sheet.)

7. List four other **national parks** that contain volcanic features, AND list the most famous national volcanic monument in a **national forest!** (Hint: check out the links above.)

8. List three ways visitors can help preserve and protect the volcanic features of Lassen Volcanic National Park.

9. List two reasons why the study of volcanoes is important.

10. Take a “virtual field trip” to Cinder Cone by finding pictures and information on the Web. Describe what you might see if you visited the Cinder Cone area.

11. Design and draw a “Preserve and Protect Your National Park” poster. Mail it in with this activity sheet.
