

Lassen Peak Off-trail Travel Restriction

As the multi-year *Reach the Peak* trail restoration project continues, off-trail access to the summit is restricted. Please view the off-trail travel restriction map for more information on the closure area.

Ensure the safety of visitors

Off-trail travelers may unknowingly travel through potentially dangerous rock fall zones under ongoing trail work.

Ensure the safety of park employees

Off-trail travelers may unknowingly dislodge rocks that could roll down the mountainside and endanger trail workers.

Improve the rate of trail work progress

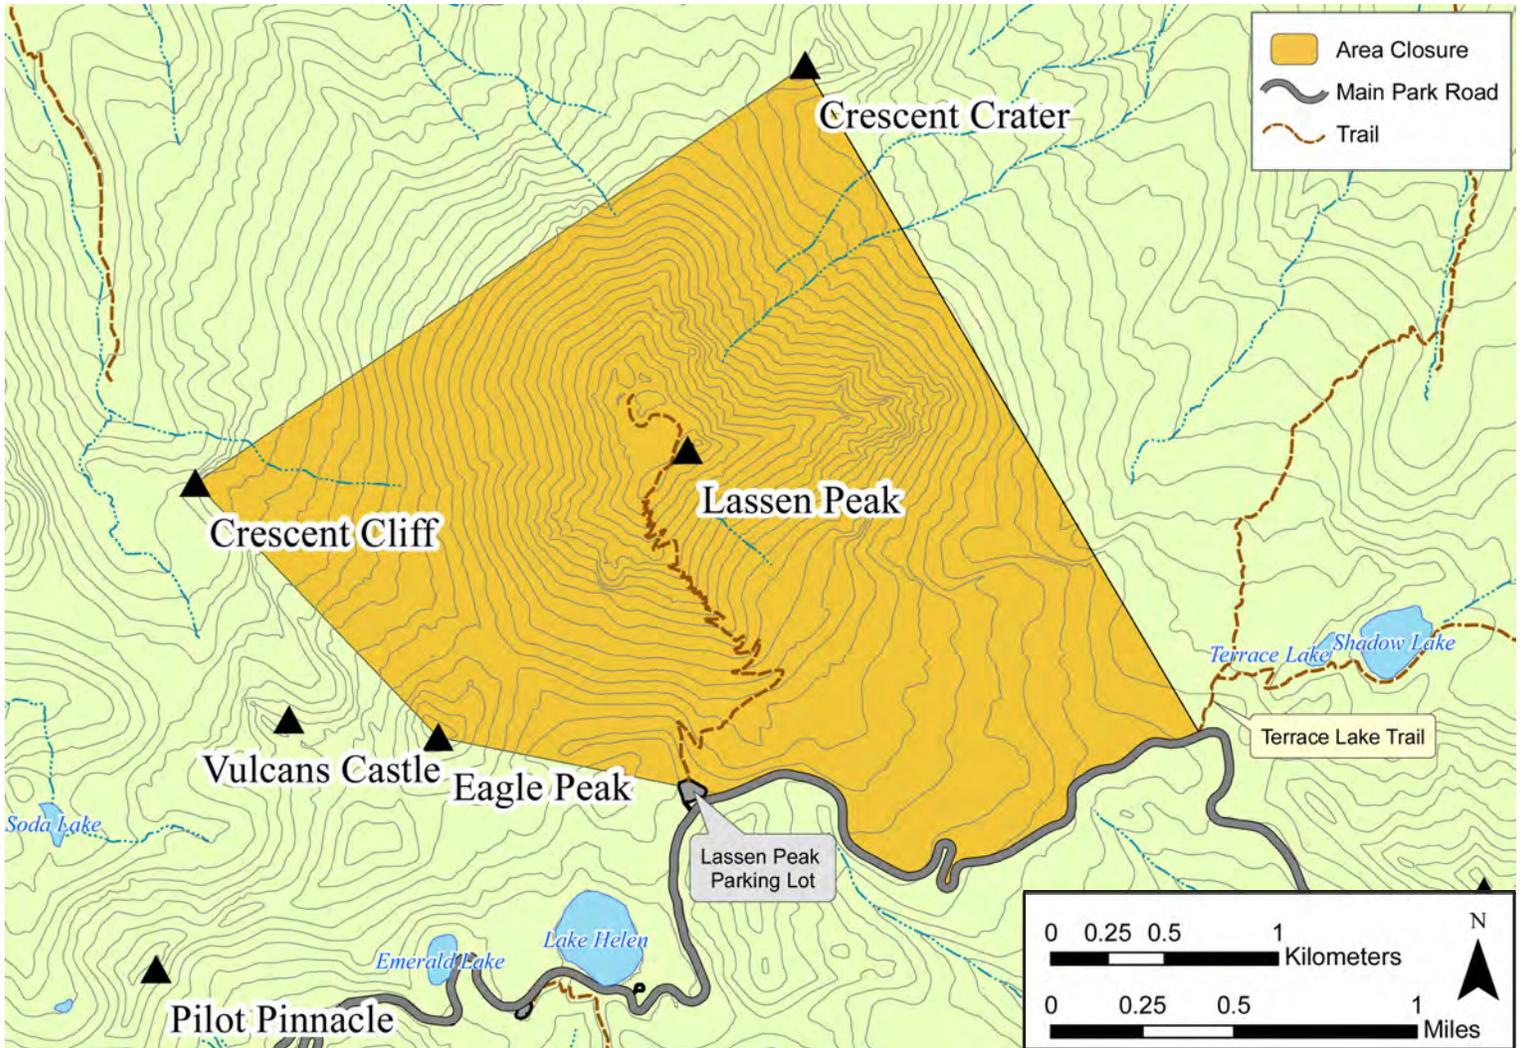

Hikers may accidentally enter above or through the work zone requiring the trail crew to halt work.

Traveling in closure area is against the law, and endangers yourself and others.

Lassen Peak Off-trail Travel Restriction Map
