

On-Line

LearnNPS: *www.nps.gov/learn*

Here you will find curriculum, fun and games, a guide to park Junior Ranger programs and a host of other fun and educational media created by the National Park Service and our partners.

Links to Learning: *www.nature.nps.gov/geology/education/index.cfm*

Environmental education resources for students and teachers; resources for teaching geology using formations found in national parks; includes GeoBib, guides, kids' books, textbooks, theme books, videos, workshops and more.

Research Learning Centers: *www.nature.nps.gov/learningcenters/*

Placed strategically across the nation, these learning centers are alive with active research projects being conducted by experts in the field who then share the results of the research and the techniques of the research with teachers and students.

Teaching with Historic Places: *www.nps.gov/nr/twhp/*

Teaching with Historic Places (TwHP) uses properties listed in the National Park Service's National Register of Historic Places to enliven history, social studies, geography, civics, and other subjects. TwHP has created a variety of products and activities that help teachers bring historic places into the classroom.

Teaching with Museum Collections: *www.nps.gov/museum/*

Teaching with Museum Collections uses museum objects to emphasize the links between objects and American history. These collections connect students to their past, rich and varied cultures, momentous events, inspiring ideas, and the places where the nation's history happened.

National Register Travel Itineraries: *www.nps.gov/nr/travel/*

National Register Travel Itineraries expose you to a huge variety of places significant in American history, architecture, archeology, engineering, and culture. Each itinerary is a self-guided tour to historic places listed in the National Register.

NPS Park Fun: www.nps.gov/learn/parkfun.cfm

Park Fun and Activities pages link you to many activities on-line for many different National Park Service sites so you don't have to search each and every site. It is also a starting place to visit the NPS Webrangers website or the NPS Junior Ranger website.

NPS WebRangers: www.nps.gov/webrangers

Activities for kids of all ages, these activities challenge kids to put their thinking caps on and to have fun while doing it. Kids can earn WebRanger badges when benchmarks are completed and can print out a WebRanger card.

NPS Junior Rangers: www.nps.gov/learn/juniorranger.cfm

Are you interested in exploring? Do you like art, science, history or nature? How about animals, sailing ships, dinosaurs or trains? Would you like to learn more about the national parks that belong to you? Did you know you can help protect these special places - even if you never visit them all? This site lists national park sites with Junior Ranger programs; it also lists those with an on-line program that your students can complete in class or as an assignment.
