Lincoln Home National Historic Site Provides Volunteer Opportunities

SPRINGFIELD, IL: Superintendent Dale Phillips announces volunteer opportunities at Lincoln Home National Historic Site. The Volunteer-In-Parks program has grown over the years to reflect the dedication of people throughout the world to our national parks. Today, there are over 100 VIPs helping to preserve and protect the resources, as well as providing programming and assisting at the visitor center at Lincoln Home National Historic Site. Volunteers are very important to the site. The dedication of our volunteers enhances the fulfillment of the desires of the National Park Service.

Volunteers can assist in a wide variety of ways, such as, assisting with school groups, fulfilling the needs in the fee collection program, operating the front desk at the visitor center, visitor information resources, and performing living history programs, such as, Heirloom Gardening and Living History demonstrations and Vignettes. If you would like to be a part of the National Park Service mission to provide outstanding customer service to visitors at Lincoln Home National Historic Site, please consider volunteering your time.

The Lincoln Home Visitor Center is located at 426 South Seventh Street, Springfield, Illinois. All programs are offered free of charge. Anyone wishing to obtain further information about volunteer programs please contact Lincoln Home NHS Volunteer Coordinator, Kyle McGrogan at kmcgrogan@nps.gov or Administrative Officer, Nancy Rime at nrime@nps.gov for a list of services that we are looking for assistance to complete.
