

# **KLONDIKE GOLD RUSH NATIONAL HISTORICAL PARK COMPENDIUM**

National Park Service (NPS) regulations applicable to the protection and equitable public use of units of the National Park System grant specified authorities to a park superintendent to allow or restrict certain activities. NPS regulations are found in Titles 36 and 43 of the Code of Federal Regulations (CFR) and created under authority and responsibility granted the Secretary of Interior in Titles 16 and 54 of the United States Code. The following compendium comprises a listing of NPS regulations where the Superintendent has exercised discretionary authority to make designations or impose public use restrictions or conditions in park areas. The applicability and scope of the compendium is articulated in 36 CFR Sections 1.2 and 13.2, and 43 CFR Section 36.1.

A complete and accurate picture of regulations governing use and protection of the unit can only be gained by viewing this compendium in context with the full body of applicable regulations found in Titles 36 and 43 CFR. *Please contact Klondike Gold Rush National Historical Park, Skagway, Alaska at (907)983-2921 for questions relating to information provided in this compendium.*

## **PART 2. RESOURCE PROTECTION, PUBLIC USE AND RECREATION**

### **2.1(a)(4) Designated areas for collection of dead wood on the ground for firewood**

Dead wood on the ground may be collected for use as fuel for campfires within the park.

*This requirement is intended to protect standing vegetation from use as firewood.*

### **2.1(c)(1)-(3) Designated fruits, nuts, berries, and unoccupied seashells to harvest by hand**

All edible fruits, berries, and nuts may be gathered by hand for personal consumption.

See also 13.1404) regarding the collection of mushrooms.

*These limitations are intended to identify items that can be harvested for personal use without damaging the health of these species or derogation of other park resources.*

### **2.3(d)(8) Designated areas open for fishing from motor road bridges and public boat docks**

All areas are designated as open for fishing from motor road bridges and boat docks.

### **2.4(a)(2)(i), (h) Carrying, using, or possessing weapons**

Individuals are authorized to possess firearms in NPS areas in accordance with applicable state and federal law. With the exception of public use cabins, possession of firearms is prohibited in federally owned or leased buildings. The laws regarding discharge of firearms remain unchanged.

### **2.10(d) Food storage: designated areas and methods**

(1) Definition: A *bear resistant container* (BRC) means an item constructed to prevent access by a bear. BRC's include—

- Items approved by the Department of Interior and Agriculture's Interagency Grizzly Bear Committee:  
<http://igbconline.org/certified-products-list/>

- Additional items listed by the State of Alaska, Department of Fish and Game, Division of Wildlife Conservation:  
<http://www.adfg.alaska.gov/index.cfm?adfg=livingwithbears.bearcontainers>, with the concurrence of the Superintendent;
- Items or methods approved by the Superintendent.

(2) Throughout the park, all food (except legally taken game) and beverages, food and beverage containers, garbage, harvested fish and equipment used to cook or store food must be stored in a bear resistant container (BRC) or secured—

- In NPS provided bear boxes in Chilkoot Trail designated camp areas;
- On NPS provided bear poles in Chilkoot Trail designated camp areas;
- Within a hard sided building;
- Within lockable and hard sided section of a vehicle, vessel, or aircraft;or
- By caching a minimum of 100 feet from camp and suspending at least 10 feet above the ground and 4 feet horizontally from a post, tree trunk or other object on a line or branch that will not support a bear’s weight.
- The Superintendent may, upon request, waive or modify food storage requirements in circumstances where compliance with these requirements is not possible, overly burdensome, and is consistent with public safety and wildlife conservation interests.

(3) This provision does not apply to—

- Food that is being transported, consumed or prepared for consumption; and
- Clean dishes and cooking equipment free of food odors.

*The intent of these designations is to prevent bears and other wildlife from obtaining and habituating to food and garbage, thus protecting wildlife and park visitors alike. We strongly recommend that dishes and cooking equipment be securely stored; but clean and odor free items are not required to be stored in secure containers. Ice chests and coolers, tents, dry bags or stuff sacks, plastic packing boxes (Totes, Action Packers, etc) and unmodified kayaks are not generally approved as BRC. The park provides bear poles and/or storage lockers at each campsite along the Chilkoot trail.*

### **2.13(a)(1) Fires: designated areas and conditions**

State or local fire burn bans are automatically adopted under this section unless the superintendent determines the ban is not necessary in park areas.

Wood fires are permitted in the provided fire rings in the Dyea Campground or the stoves provided in warming shelters at Finnegan’s, Canyon City, Pleasant and Sheep Camp warming shelters. All trash (tin foil, burnt food, glass, cans) must be removed from the fire site after use.

*These requirements are intended to ensure that wood sources are not depleted, to minimize the risk of human caused wildfires, and prevent the accumulation of trash in fire rings and stoves.*

**2.14(a)(8) Sanitation: human waste in developed areas**

Restrooms are provided in Skagway and outhouses at the developed areas in Dyea (campground and picnic area, Chilkoot Trailhead, Slide Cemetery, and Dyea Town Site).

*This requirement is intended to ensure that proper disposal of human waste occurs in frequently visited public areas.*

**2.14(a)(9) Sanitation: designated areas for disposal of human waste in undeveloped areas**

Outhouses are provided at the designated backcountry campsites; otherwise human feces must be either packed out or deposited in a "cathole" dug 6-8 inches deep in soil at least 100 feet from any water source, shoreline, campsite or trail. When the ground is frozen, human feces must be disposed over at least 100 feet from any water source and covered with snow or packed out.

Tissue paper and sanitary items should be packed out or burned when fire hazard is low.

*The intent of these conditions is to provide for healthy, sanitary and visually aesthetic environments as well as to protect natural resources.*

**2.19(a) Winter activities on roads and in parking areas: designated areas**

All roads and parking areas open to motor vehicle traffic are open to skiing, snowshoeing, sledding and other similar winter sports.

**2.21 Smoking**

All park offices and visitor facilities are closed to smoking.

Smoking is prohibited within 100 feet of the park fuelstorage facilities.

*These restrictions are intended to protect public safety from fire or explosion around fuel storage facilities. Electronic cigarettes, or e-cigs, are included in the above restrictions.*

**2.22 Property: leaving property unattended for 24 hours**

Chilkoot trail user vehicles may be left parked at the designated overnight parking area near Dyea Ranger Station while hiking the trail.

*The intent is to allow hikers to leave their vehicles at the trailhead in excess of the 24-hr property restriction.*

**2.35(a)(3)(i)(A) Alcoholic beverages and controlled substances**

It is unlawful for any person to use or consume any alcoholic beverage on federally owned property open to the public within the business district of the city, except those premises covered by a liquor control license issued by the state authorizing the sale and consumption of alcohol within those premises. "Business district" is defined as the area located between First Avenue and Seventh Avenue from Spring Street west to State Street.

### **2.51 First Amendment Demonstrations**

The areas designated on maps 1a and 1b are open to First Amendment demonstrations by groups involving 25 or fewer persons without a permit. Demonstrations involving twenty-six or more individuals must have a permit issued by the superintendent.

### **2.52 Designated areas for sale and distribution of printed matter for First Amendment purposes**

The area designated on map 1a is open to sale and distribution of printed matter by groups involving 25 or fewer persons without a permit. Printed matter is limited to message-bearing textual printed material such as books, pamphlets, magazines, and leaflets, provided that it is not solely commercial advertising. Distribution involving twenty-six or more individuals must have a permit issued by the superintendent.

*The permit requirement allows distribution of printed matter with minimal impact on park visitors and activities.*

### **2.62(b) Memorialization: designation of areas for scattering ashes**

All areas of the park are open to scattering of ashes without a permit, except for campgrounds, roads, picnic areas and other park developed areas.

## **PART 3. BOATING AND WATER USE ACTIVITIES**

### **3.12(a) Water skiing: designated waters**

No areas designated open.

### **3.14(a) Conditions for removing sunken, grounded, or disabled vessels**

A permit is required from the Superintendent before sunken, grounded, or disabled vessels may be removed from waters within NPS administered areas except when the operator is able to remove or repair the vessel on site safely and without potential for damage to resources.

*This requirement allows the Superintendent to establish terms and conditions for salvage operations as necessary to protect resources and provide for public safety.*

## **PART 4. VEHICLES AND TRAFFIC SAFETY**

### **4.11(a) Load weight and size limits: permit requirements and restrictive conditions**

Vehicles over 26feet are restricted from travel across federal lands in Dyea, except as otherwise specifically approved in advance by the Superintendent.

*The restriction on vehicle length is intended to preserve the safety of other drivers, pedestrians, equestrians, and bicyclists on the unpaved, narrow, winding roads which have restricted sight-distances, clearances for parking, and turning radii.*

#### **4.21(b)-(c) Speed limits: designation of a different speed limit**

The park road between Dyea Road and Nelson Slough is limited to a maximum speed of 15 mph.

*A reduced speed limit near Dyea is for public safety. Pedestrians and bicyclists often use the roadway and visibility is limited due to road design and vegetation.*

#### **4.31 Hitchhiking: designated areas**

All areas are open to hitchhiking.

### **PART 13. ALASKA REGULATIONS**

#### **13.50 Closures and restrictions**

##### Consumption of food and beverages in park buildings

Eating and drinking are not permitted in exhibit display areas in park buildings nor in the Visitor Center Auditorium without specific authorization from the Superintendent.

*The intent is to protect exhibit displays, floor coverings, and upholstery from damages which might accompany unsupervised use.*

##### Unmanned Aircraft.

Launching, landing, or operating an unmanned aircraft from or on lands and waters administered by the National Park Service within the boundaries Klondike Gold Rush National Historical Park is prohibited except as approved in writing by the superintendent.

The term "unmanned aircraft" means a device that is used or intended to be used for flight in the air without the possibility of direct human intervention from within or on the device, and the associated operational elements and components that are required for the pilot or system operator in command to operate or control the device (such as cameras, sensors, communication links). This term includes all types of devices that meet this definition (e.g., model airplanes, quadcopters, drones) that are used for any purpose, including for recreation or commerce.

In Park areas where use of model aircraft for hobbyist or recreational use has been previously authorized, such use may continue under a permit issued by the Superintendent.

This restriction does not affect the primary jurisdiction of the Federal Aviation Administration over the National Airspace System.

##### Domestic Goats and Sheep

Use or possession of domestic goats or sheep within NPS administered areas is prohibited.

Llamas, Alpacas, and other Members of the Camelidae or Bovidae Family

Use or possession of llamas, alpacas, or any other domestic animal of the Camelidae or Bovidae Family within NPS administered areas is prohibited except as pack animals in accordance with written authorization from the superintendent.

## **KLONDIKE GOLD RUSH SPECIAL REGULATIONS**

### **13.1402(a) Klondike Gold Rush: designated camping areas**

Camping is authorized in the following areas pursuant to a permit:

- Dyea Campground
- Finnegan's Point Campground
- Canyon City Campground
- Pleasant Camp Campground
- Sheep Camp Campground

### **13.1402(b) Klondike Gold Rush: camping permit conditions**

Dyea Campground – Between Memorial Day and Labor Day all campers must register and make payment. Campsite occupancy must be limited to two cars or four motorcycles, and eight persons.

All Chilkoot Trail Backcountry Camps – Between the dates of May 30 and September 4, all campers must obtain a backcountry use permit. Campsite occupancy must be limited to two tents and/or six persons.

*Registration and permit requirements are intended to allow staff to accurately monitor compliance with camping conditions. Limits on the party size are intended to prevent impacts from overuse of limited facilities which are designed and provided for recreational occupancy within a prepared site.*

### **13.1404 Klondike Gold Rush: authorization to collect mushrooms**

Edible mushrooms may be gathered by hand for personal consumption. The quantity gathered by any individual must not exceed three (3) gallons during any 24-hour period.

*This designation is made pursuant to a determination that such collections by hand for personal consumption will not adversely affect park wildlife nor the perpetuation of the subject species, nor otherwise adversely affect other park resources.*

## **43 CFR, PART 36 TRANSPORTATION AND UTILITY SYSTEMS (Access Regulations)**

### **36.11(c) Temporary closures to the use of snowmachines for traditional activities**

The Superintendent will notify the public when snow cover is adequate in the Dyea Historic Townsite (as shown on the attached map) to allow snowmachine use each winter season. The public will also be notified of any changes in conditions (inadequate snow cover) resulting in any temporary closures or restrictions on snowmachine use and or re-openings following such temporary closures or restrictions.

The use of snowmachines for other activities is prohibited pursuant to 36 CFR 2.18(c).

### **36.11(f)(3)(ii) Established procedure for salvaging and removing downed aircraft**

A permit is required from the Superintendent before downed aircraft may be salvaged and removed from the park; violation of the terms and conditions of the permit is prohibited.

*This requirement allows the superintendent to establish terms and conditions for salvage operations as necessary to protect resources, provide for public safety, and minimize impacts on visitors.*
