*The following centennial proposal is certified as eligible for Centennial Challenge funding consideration in fiscal year 2008. Funding for the Centennial Challenge requires legislation.*

### **Boott Mills Photovoltaic Lighting in the Tsongas Industrial History Center**

Location: Boott Cotton Mills Museum, 115 John St., Lowell, MA

Partner(s): Massachusetts Technology Collaborative

Partner Website: [www.masstech.org](http://www.masstech.org)

Total Cost: \$98,350

Proposal # 137799

**Summary:** This project will install an 11.4 KW photovoltaic system on the roof of the Boott Cotton Mills Museum providing power for interior lighting at the Tsongas Industrial History Center and common area spaces in the Museum. It will also provide training for Greater Lowell Vocational/Technical High School students in the installation of photovoltaic systems and provide a living example for the more than 65,000 Tsongas Center students who visit the museum each year on how such sustainable systems work.
