Immerse yourself in the continuing revolution at Lowell National Historical Park. Nearly two hundred years ago, Lowell's water-powered textile mills catapulted the nation—including immigrant families and early female factory workers—into an uncertain new industrial era.

Today, the changes that began here still reverberate in our shifting global economy. We invite you to explore Lowell, a unique national park and living monument to the many human stories of the Industrial Revolution.

Junior Rangers explore, learn about, and protect their National Parks—here in Lowell and across the country! This summer, we're designing an all-new Junior Ranger program and we need your help: ask a Park Ranger for a special packet of **activities-in-progress**, try them out, and earn a special sticker.

Earn a Lowell Junior Ranger badge by picking up the current activity book at the Visitor Center or Boott Mills. The **brand new** book will be unveiled in early 2016. Be sure to come back and check it out!
