### Ride the Full Circle Trolley FREE!

Woodstock's fully-electric Cow Powered vehicle runs on weekends and holidays from May 25, 2013 through October 14, 2013. The Trolley stops every half hour at each of seven stops throughout the village. Park free at Pleasant St and get on the Trolley. The route is indicated on the map inside and on the back of the signs at each stop.

Starting at 11:15 AM, the Trolley will depart from the center of town in front of the Library and circle the Village on this schedule. The last trip of the day leaves the Billings Farm & Museum at 5:00 PM and drops passengers off back at Pleasant St by 5:20 PM.

Look for our brightly colored signs for a stop near you and consider how this green vehicle can help you with parking, walking and enjoying the scenery during our busy weekends this season. You might even get a wooden nickel on your ride!

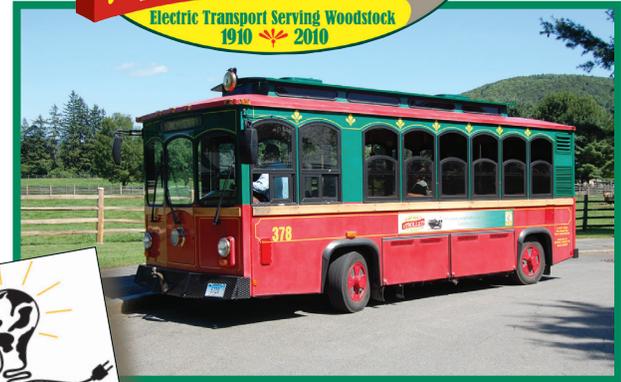

This demonstration service is supported by the US Department of Transportation's Transit in Parks Program in association with the Marsh-Billings-Rockefeller National Historical Park.

Designated Parking for Trolley ride

For ADA Complementary Paratransit Services call:  
 (802) 457-3368 extension 22
