## Manzanar Ranger Program Explanations

### **Block 14 Tour (Outdoor)**

Learn what daily life was like in Manzanar. Tour includes a visit to two replica barracks, a latrine, a mess hall, and other features of Block 14. Tour usually lasts 60-90 minutes.

### **Step-on Bus Tour (Outdoor)**

Have a park ranger join your group on your bus and tour the site via the 3.2 mile long driving tour road. Most tours stop at the cemetery and Merritt Park. Tour usually lasts one hour.

### **Scale Model Talk (Indoor)**

This talk is an orientation to the site using a large scale model of Manzanar circa 1944. This is mostly informational and sets the scene for what the camp would have looked like during WWII. Talk usually lasts 30 minutes.

### **Movie Talk (Indoor)**

Our award winning introductory film lasts 22 minutes. A ranger can provide an introduction to the film, then answer questions or lead a discussion afterwards. Usually lasts 30-45 minutes.

### **Discussion Option**

For those already versed in the framework of the incarceration story, groups can ask to add a discussion option to any tour or talk above. The topic(s) can be chosen based on the group's interests. The amount of time needed for this additional discussion will depend on the topic and group.

Tours and talks may be combined upon request and subject to ranger availability.

If you have a specific interest, please let us know and will we try to accommodate your group!
