

Mount Rainier National Park

Nisqually to Paradise Road Construction Update

Wayside Notes

In the early 1900's, the Nisqually to Paradise Road was built to offer the best views possible as visitors approached the mountain. As you can imagine, this historic route requires maintenance and periodic repairs. Due to adverse winter weather, road work must take place during the busy summer season.

This year the majority of the project will occur between Longmire and Paradise.

Each year thousands of vehicles, cycles of freeze and thaw and falling trees take their toll on the road. Improvements to the road are necessary to preserve its integrity as a popular and historic scenic drive and to provide continued safe access for years to come.

Just the Facts: Nisqually to Paradise Road

You might be experiencing meaningful "firsts" during your trip to Mount Rainier. This park is home to many interesting "firsts".

- Nisqually to Paradise became the first road in the United States to reach a glacier in 1908.
- Mount Rainier was the first national park to admit cars. The speed limit was 6 mph.
- Mount Rainier was the first national park to charge an entrance fee.

What "firsts" will you experience here?

What to Expect

- **Road Construction** will take place June through early fall, 2016.
- **Work this week** will take place in various "pockets" along the road from Longmire to Paradise.
