

Mount Rainier National Park

Nisqually to Paradise Road Construction Update

Wayside Notes

In the early 1900's, the Nisqually to Paradise Road was built to offer the best views possible as visitors approached the mountain. As you can imagine, this historic route requires maintenance and periodic repairs. Due to adverse winter weather, road work must take place during the busy summer season.

This year the majority of the project will occur between Longmire and Paradise.

Each year thousands of vehicles, cycles of freeze and thaw and falling trees take their toll on the road. Improvements to the road are necessary to preserve its integrity as a popular and historic scenic drive and to provide continued safe access for years to come.

Just the Facts: Waterfalls of Rainier

Are you hoping to see waterfalls on your visit to Mount Rainier? Of the 122 waterfalls in the park, Narada and Christine Falls along the Nisqually to Paradise Road are sure to impress even the most seasoned waterfall chaser. At Narada Falls (pictured above), the Paradise River drops 168 feet into the canyon below. Christine Falls, named after the daughter of early climber P.B. Van Trump, is much smaller falling around 80 feet total. Which waterfall is your favorite?
