Things to do at Longmire

Welcome to Longmire!

Longmire is an area steeped in history with so much to offer. There are countless opportunities to learn, explore, recreate, and enjoy Mount Rainier National Park here.

Longmire is a great stop with lots of historic buildings and scenic hiking trails. Visit the historic Nisqually Suspension Bridge or the Trail of the Shadows to take in some history, or stretch your legs by hiking Rampart Ridge or Eagle Peak.

This is a great place to visit year round. The National Park Inn is a relaxing place to take a break after a long drive, and the Longmire Museum provides information to visitors.

Always check trail and road conditions with a ranger or online before hiking. Many trails may be partially or totally covered in snow and can be dangerous. Roads may be closed due to snow conditions.
