

Hoofin' It! Lesson 1, Activity 2: Vertebrate Grab Game

Vertebrate Grab Game: Clues

1. These vertebrates have hollow bones.
2. These vertebrates are warm-blooded.
3. A turtle is an example of this group of vertebrates.
4. The largest animal ever to live is a member of this group.
5. These vertebrates are cold-blooded.
6. All of the vertebrates in this group breathe with gills.
7. Only these vertebrates have hair.
8. These vertebrates never have claws and usually have four legs.
9. All of the vertebrates in this group nurse their young.
10. This is the only group of vertebrates that has feathers.
11. These vertebrates have scales and lay eggs that usually have a leathery skin.
12. A few vertebrates in this group lay eggs, but almost all give birth to live young.
13. Sweating helps keep many of the vertebrates in this group cool.
14. These vertebrates have air sacs attached to their lungs.
15. Only these vertebrates have a muscular diaphragm that helps them fill their lungs with air.
16. These vertebrates have the most fully developed brains (mammals).
17. The vertebrates in this group have different kinds of teeth for eating different kinds of food.
18. Many of these vertebrates have oil, milk, sweat, and scent glands in their skin.
19. These vertebrates do not have teeth.
20. Humans are part of this vertebrate group.

Vertebrate Grab Game: Answers

- 1) birds
- 2) birds and mammals
- 3) reptiles
- 4) mammals (blue whale)
- 5) fish, reptiles and amphibians
- 6) fish
- 7) mammals
- 8) amphibians
- 9) mammals
- 10) birds
- 11) reptiles
- 12) mammals
- 13) mammals
- 14) birds
- 15) mammals
- 16) mammals
- 17) mammals
- 18) mammals
- 19) birds
- 20) mammals
