

Internship Opportunity Cultural Landscape Planning Associate (Boston)

The National Park Service, in partnership with the National Council of Preservation Education and the Olmsted Center for Landscape Preservation, is currently seeking an Associate to prepare a Cultural Landscape Report, Record of Treatment for the Frederick Law Olmsted National Historic Site. Fairsted, the Frederick Law Olmsted National Historic Site, was the home and studio of Frederick Law Olmsted, the founder of American landscape architecture and the nation's foremost designer of public parks. A Cultural Landscape Report (CLR) documents the history, significance and treatment of a cultural landscape, including any changes to its geographical context, features, materials, and use over time. As an integral part of the Olmsted Center team, the Associate will:

- Document and describe the physical history and existing landscape conditions through original narrative and photography.
- Prepare a site plan of the landscape of the Frederick Law Olmsted National Historic Site documenting changes made to the landscape overtime, focusing on treatment completed in the recent past.

The Olmsted Center promotes the preservation of cultural landscapes through research, planning, stewardship and education by providing technical assistance to parks and historic properties. This internship includes engaging educational opportunities and field trips. For more information visit:

Location and Compensation: This internship is based in Olmsted Center offices in Boston, but due to the pandemic, it will be hosted remotely until otherwise notified. This 7-month internship (1200 hours) is compensated with a \$600 a week stipend and requires a commitment to a 40-hour/week work schedule. Project travel costs are reimbursed in full, commuting costs are subsidized. Housing is not provided.
