Description of Proposed Area

Located at the end of State Road 103, four miles south of Van Buren, Missouri in Carter County. The Big Spring managed hunt will take place within the boundaries of the 5,500 acre Big Spring unit, which was one of Missouri's first state parks from 1924 until 1969. In 1969 the state of Missouri donated Big Spring State Park to the National Park Service for inclusion into Ozark National Scenic Riverways (OZAR). The area contains various developed areas to include a campground, picnic areas, a dining lodge, trails and rental cabins. The habitat for this area is primarily composed of oak-hickory forest with a few grass field openings. The majority of the area is managed with prescription fire in order to help benefit fire adapted native species and habitats.

Method

1. Archery (longbow, recurve bow, or compound bow) will be the only devices permitted during the hunt.
2. No hunting dogs or other pets will be permitted to be used for the hunt, nor will they be allowed in the area during the hunt.

Bag Limit

1. Two deer, **antlerless only** are permitted to be harvested by each hunter.

Monitoring

1. Each hunter will be required to check in and out at the check station daily to verify the permit.
2. Hunters will be required to check harvested deer in at the check station in order for staff to gather biological data and to insure compliance of the regulations of the hunt.
3. All harvested deer must be telechecked by 10:00 pm on the day taken.

Required Registration and Safety Briefing

1. **Thursday, October 12th** - All permitted hunters **must** register for the hunt and attend the safety briefing at the park Headquarters located in Van Buren. Registration will begin at **7:00 pm**. Hunters will receive instructions and safety rules and regulations.
