TABLE OF CONTENTS

LIST OF FIGURES LIST OF PHOTOGRAPHS LIST OF MAPS CHAPTER I - INTRODUCTION Project Summary I-1 Scope of Work and Method...... I-1 Summary of Findings I-6 CHAPTER 2 - LANDSCAPE PHYSICAL HISTORY Prehistory...... II-1 1776-1874 Modern Discovery...... II-4 1916-1923 Informal Development at Bryce Canyon National Park...... II-8 1923-1932 Formal Development at Bryce Canyon National Park II-10 1933-1955 Great Depression and Post War Developments II-23 1980-2006 Recent Developments II-41

CHAPTER 3 - LANDSCAPE EXISTING CONDITIONS DOCUMENTATION Introduction III-1 Overview of the Bryce Canyon National Park Landscape...... III-2 Overview of the Bryce Canyon National Park Developed Area...... III-3 **Cultural Landscape Report Study Areas Inventory** Old NPS Housing Study Area III-5 Bryce Canyon Lodge Study Area..... III-13 **Contextual Sub Areas Inventory** Bryce Canyon General Store Contextual Sub Area...... III-25 Rim Trail Contextual Sub Area.....III-31 North Campground Contextual Sub Area......III-35 Sunset Campground Contextual Sub Area..... III-41 Visitor Center Contextual Sub Area..... III-45 Rim Road Contextual Sub Area.....III-49 Water Tanks Contextual Sub Area III-53 NPS Housing and Maintenance Contextual Sub Area...... III-57 Mixing Circle Contextual Sub Area......III-63 CHAPTER 4 - LANDSCAPE ANALYSIS AND EVALUATION Introduction IV-1

NPS Landscape Architectural Design Standards	IV-3
Conclusion	IV-5
Comparative Analysis of Landscape Characteristics	
Old NPS Housing Study Area	IV-6
Bryce Canyon Lodge Study Area	IV-10
Chapter 5 - Treatment and Design Recommendations	
Introduction	V-1
Management Issues	V-1
Treatment Philosophy	V-1
General Recommendations	
Vegetation Monitoring within Developed Area	V-2
Revision of National Historic Register District Boundaries	V-2
Overall Treatment Guidelines	V-5
Specific Treatment Recommendations	
Old NPS Housing Study Area	V-7
Bryce Canyon Lodge Study Area	V-9
Summary and Broad Scale Recommendations	V-18
APPENDIX A	
Analysis of Landscape Characteristics	A-1
Appendix B	
Photograph Station Points	B-1

Chapter 4	CI	hapter 5

Photograph A/1.	Small scale parking area near one of the historic cabins in the Old NPS Housing Study Area.	Photographs R/1 and R/2.	Two trash receptacles at use within the park. The plastic one on the left does not convey the sense of Rustic style or careful design desired within the Study Areas.
Photograph A/2.	The large scale parking area in front of the new Concessionaire Dormitories in the Old NPS Housing Study Area.		The one on the right mimics some of the materials and design characteristics that would have been followed during the period of significance.
Photograph A/3.	The fill area behind the Concessionnaire Dormitories. Notice the lack of mature trees near the structure. No new trees have established themselves in this area.	Photographs R/3 and R/4.	Light fixtures should be consistent throughout the park, including the Study Areas. Fixtures should be carefully chosen to fit in with the Rustic style character.
Photograph A/4.	The view from the cabins toward the Concessionaire Dormitories today. During the period of significance, this would have overlooked a forested knoll.	Photograph R/5.	Proposed location for the new Bryce Canyon Shuttle stop - near the large tree on the left side of the photo. This would give visitors and excellent view of the Lodge as they rode the shuttle and as they waited at the stop.
Photograph A/5.	The view of the Whispering Pines Dormitory from the Lodge Loop Road.	Dhatagraph D/G	
Photograph A/6.	The Lodge Access Road as it approaches the Registration and Rear Parking Areas.	Photograph R/6.	View of the Lodge from the existing alignment of the Lodge Access Road. The temporary visitor parking begins immediately to the left of this photo.
	Registration parking is ahead and to the left behind the trees and vegetation, the larger driveway circles to the right to the Rear Parking area.	Photograph R/7.	View of the front of the Lodge from the approximate location of the realigned Lodge Access Road. Existing vegetation and retaining walls would be cleared,
Photograph A/7.	Signage indicating registration parking area as separate from Lodge parking, which could create confusion for Lodge visitors.		creating a clear view of the front façade of the structure.
Photograph A/8.	The former location of a cluster of Standard Cabin units, now reverted to open space	Photograph R/8.	Steps up to Lodge patio area are not consistent either with historic aesthetics and materials or with the treatment installed in the 1980's.
Photograph A/9.	between the Lodge and the Sunrise Motel Unit. The retaining wall between the Lodge and the Sunrise Motel Unit which creates the space for the Registration Parking Area.	Photograph R/9.	Photos such as this one, taken of the lodge in the 1930s, should be utilized in the process of redesigning the front entry to the lodge (BCRA Archives: BCRA 3897)

Photograph R/10.	Site furniture on the terrace in front of the Lodge which does not meet the materials or aesthetic character of the Rustic style.	LIST OF F	IGURES
		Chapter 1	
Photograph R/11.	Furniture such as these benches on the terrace, made of natural materials with a "hand hewn" look more closely match the Rustic style. All site furniture in this area should be coordinated and should match in terms of style, scale and materials	•	Bryce Canyon National Park Map
Photograph R/12.	A view of the Lodge from the meadow circa 1930. The increase in vegetation from this vantage point compromises the original intent of a feeling of openness in front of the building (BCRA Archives Cope BCRA 3).	Figure 1-2. B Chapter 2	Bryce Canyon National Park Study Areas and Sub-Areas Map
Photograph R/13.	Young trees encroaching upon the edges of the meadow in front ot the lodge. The bush in the foreground is a Woods Rose, which has naturalized in the meadow from plantings	Figure 1.	Bryce Canyon Lodge Area: Part of the 1932 Master Plan for Bryce Canyon National Park
