

## Request A Ranger

Perry's Victory and International Peace Memorial requests that your organization fill out this form to request a ranger at your function. Due to the increasing number of National Park Service rangers in demand for off-site programming during the War of 1812 bicentennial, the management of the memorial column, and our on-site programming schedule, we ask that you make a request for a ranger at least two weeks prior to your event. Thank You.

1. Your contact information:
  - o Name:
  - o Phone number:
  - o Email address:
2. What is the name of your organization?
3. What do you want the ranger to do?
4. Where is this program going to take place?
5. What date(s) and time(s) will the event take place?

We will attempt to honor every request, however due to National Park Service priorities at Perry's Victory and International Peace Memorial, staffing responsibilities, and previous commitments, not all requests may be possible.
