Who Was Oliver Hazard Perry?

Commodore Perry was born in Rhode Island in 1785. At the age of thirteen he followed in his father's footsteps by joining the U.S. Navy. Through hard work and strength of character Perry was able to gain a position in the navy as the leader of a fleet of American ships. In 1812 war broke out across America between the U.S. and Great Britain. Perry helped America end the War of 1812 by conquering British naval forces in the Battle of Lake Erie. During this battle, Perry's quick-thinking helped him to lead the United States to one of its first and greatest naval victories. This park memorializes his leadership and bravery under pressure.

To learn more about Perry watch the movie "The Battle of Lake Erie" in the Visitor Center. Listen closely and see if you can answer the questions below. If you need help finding an answer ask a Park Ranger.

- Who was the commander of the American fleet?

— — — — — $\frac{1}{1}$ — $\frac{2}{2}$ — — — — $\frac{3}{3}$ $\frac{4}{4}$ — — — — —

- What was the name of the British flagship?

The — $\frac{5}{5}$ — — — — $\frac{6}{6}$ —

- What Treaty ended the War of 1812?

The Treaty of $\frac{7}{7}$ — — — $\frac{8}{8}$ —

Nicely done! Now for the real challenge. Can you decode the secret message?

" $\frac{8}{8}$ $\frac{5}{5}$ V $\frac{5}{5}$ $\frac{1}{1}$ $\frac{7}{7}$ $\frac{6}{6}$ V $\frac{5}{5}$ $\frac{6}{6}$ $\frac{8}{8}$ $\frac{2}{2}$ $\frac{8}{8}$ $\frac{3}{3}$ $\frac{8}{8}$ $\frac{5}{5}$ V $\frac{5}{5}$ $\frac{1}{1}$ $\frac{7}{7}$ $\frac{6}{6}$ V $\frac{5}{5}$ u $\frac{4}{4}$!"

In which U.S. ship did Perry conquer the British? Choose a ship and follow the battle path to see if you are correct.

The **Niagara**
or

The **Lawrence**

Correct!

Perry rowed to the *Niagara* where he was able to win the battle.

Incorrect!

Perry started the battle in the *Lawrence*, but it had to be abandoned after it was badly damaged. Try again.

American Indians

The War of 1812 was not only a war between the U.S. and Great Britain. American Indians were also involved. As the U.S. settlers moved westward, Indians lost control of their homelands. When war began in 1812 many Indians sided with the British. The British promised the Indians that if they won, their homelands would be returned.

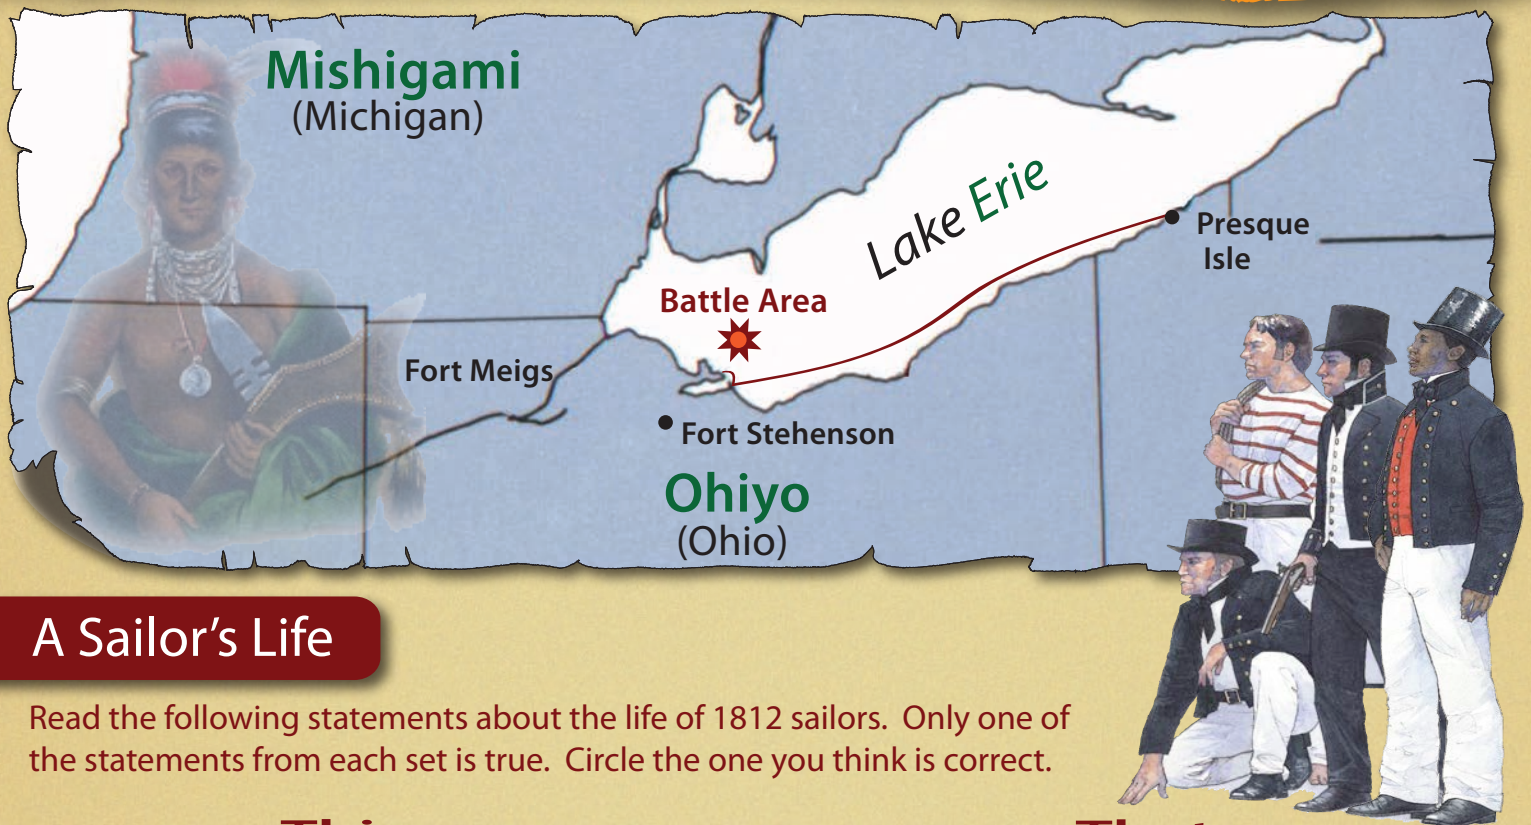

However, the British did not win and the American Indians lost their territory. We can still see their influence in the names of many rivers, lands and animals in this area.

Words in green are American Indian words. Try to say some of the words and phrases aloud.

A Sailor's Life

Read the following statements about the life of 1812 sailors. Only one of the statements from each set is true. Circle the one you think is correct.

This

That

1 Being a sailor was a hard life; they only earned a few dollars a month and lived in constant danger of death and disease.

Or

Being a sailor was a great job; they were well paid and if they happened to get injured the government would compensate them fairly.

2 Perry struggled to find enough men to sail his ships. Many of his men were only trained to fight on land and few knew how to swim.

Or

Perry had the best crews in the U.S. Navy. They were experienced and well trained.

3 At this time in history African Americans enjoyed equal rights as U.S. citizens.

Or

Many African Americans joined the U.S. Navy because it was one of the few places they could be treated as equals.

4 When the Americans won the Battle of Lake Erie they sank all of the British ships.

Or

When the Americans won the Battle of Lake Erie they sold the British ships to the U.S. government, earning each sailor a large sum of money.

Scavenger Hunt

Now that you have learned about the War of 1812 it is time to put your knowledge to the test! Use your searching skills to find the following images in the Visitor Center. The exhibits, and your smarts, will help you answer the questions about each picture.

1. American Indian Leader

This leader dreamt of an alliance between all American Indians. He hoped to set aside their ancestral rivalries and unite to defend their culture, homelands and lives.

Who is this a picture of?

What tribe did he belong to?

2. Brute Force

"I am big and I am black. I am used by the navy during attacks."

Without proper weaponry an American victory in the Battle of Lake Erie would have been impossible.

What is this a picture of?

List three other weapons used during naval battles.

3. Where On The Lake Is O.H. Perry?

There are many pictures of the American hero Oliver Hazard Perry in our museum, can you find this one?

What is Perry doing in the picture?

DONT GIVE UP
THE SHIP

How many "Dont Give Up The Ship" flags can you find in the museum?

Flags such as this were used in battle to inspire soldiers and bring them courage during the fight.

If you were a commodore what would your battle flag say? Draw it in the empty space to the left.

Great job! I can see that you really know your stuff on the War of 1812. However the story doesn't end there. In fact, what is truly miraculous about the War of 1812 is what took place during the next 200 years. When the Treaty of Ghent was ratified in 1815 the United States and Great Britain came to an agreement on the importance of peace and disarmament. To this day Britain and Canada are two of America's greatest allies.

Fun Facts

Perry's Victory is the only international peace memorial in the National Park Service and weighs as much as 1,400 school busses.

A View From The Top

Perry's Victory and International Peace Memorial is more than just a historic landmark; it is also a magnificent work of art. To better appreciate the many years of hard work that went into building and maintaining this wondrous structure visit the memorial and take a look first hand.

One of the greatest things about the memorial is the view from the observation deck. Once you have taken a few moments to study the outside of the memorial either take the elevator to the top or go to the Visitor Center and view the monitors that overlook the lake.

Draw a line from the description to the island picture on the map. A Park Ranger should be nearby to help.

- 1 This island is home to Perry's Victory & International Peace Memorial. ●
- 2 This island is home to some of the world's largest glacial grooves. ●
- 3 This island was once owned by President Hayes. ●
- 4 This island is home to the oldest freshwater biology research station in the United States. ●
- 5 This island is the southern most point of Canada. ●
- 6 This island is known for it's vineyards and the Lonz Winery. ●

About The Rangers

The National Park Service is part of the U.S. Government. It takes care of historical treasures and natural wonders. This means America's most cherished places, such as Perry's Victory and International Peace Memorial, can be shared by everyone. It is the Park Ranger's job to tell the story of the War of 1812 and the lasting peace that followed.

To meet a Park Ranger and learn more about this park attend a ranger program. After the program have the ranger sign your book.

Perry's Victory & The Environment

Your journey to become a Junior Ranger is nearly complete. There is only one last thing you must learn: stewardship. A steward is someone who takes care of the environment. They show respect to the land by never littering or causing unnecessary harm. You may be wondering why stewardship is important. As you know, the world we live in is alive. The air, the water, the land and even the animals work together to keep the environment alive much like your heart, lungs and brain work together to keep you alive. We must keep all parts of the environment healthy to keep the planet healthy. It is the responsibility of every American, and especially Park Rangers and Junior Rangers, to keep this country alive and healthy because if we wear out this planet where will we live?

To demonstrate your stewardship help Perry's Victory & International Peace Memorial stay healthy by picking up litter on the park grounds. Go to the front desk to receive gloves and a garbage bag, then have an adult help you pick up litter. When you are done show a ranger and have them sign your book.

Ranger Signature _____

Alien Invasion!

Another way to be a good steward is to learn about the environment around you. The Great Lakes are one of the most beautiful and unique places in the world, but they are under attack! By who?

Invasive species. Invasive species are plants and animals that come from other parts of the world. They do not belong here and once they arrive it is very hard to get rid of them.

To the right are pictures of three invasive species that are threatening Lake Erie. Match the species to their descriptions below.

Zebra Mussel

Sea Lamprey

Asian Carp

- 1 I come from the Atlantic Ocean. I got into Lake Erie through shipping canals. I like to use my sharp teeth to latch onto fish. I suck out their blood until they are dead. I am the _____.
- 2 I can weigh as much as 100 lbs and reach the length of 4 feet. With a body that size, boy, I sure can eat a lot. To tell the truth, it doesn't leave much food for the native fish. I am the _____.
- 3 I love to hide on ships. If the captain doesn't find me I can catch a ride to anywhere. I may be tiny, but with more than a billion of me in the lake, I can do real damage.
I am the _____.

Did You Know?

The Lake Erie water snake can only be found right here on the Lake Erie islands.
