“We have met the enemy and they are ours...”

The War of 1812 brought three years of battle during which the tiny, unheralded United States Navy stood up to the mighty British fleet in a series of ship to ship engagements. On September 10, 1813 Commodore Oliver Hazard Perry lead the American fleet in one of the greatest triumphs in U.S. naval history. Off the shores of South Bass Island a determined American flotilla sailed forth to secure a pivotal victory. Join us in commemorating the Battle of Lake Erie and the sacrifices of those who fought and died to protect American independence.
