

Volunteer Position Description for Habitat Restoration - Scotch Broom

Supervisor: Cain Buckler

Location: Point Reyes National Seashore

Project Duration: One day

Time commitment: Minimum of 4 hours

Minimum age: 12

Goals/Outcome of Position (as it relates to PORE and NPS mission):

1) Restore native plant communities, maintain the balance of local ecosystems, and prevent the spread of harmful invasive species

Description of Duties

- Remove Scotch broom plants and seedlings by hand and with hand tools
- Spread native seed in areas treated with fire

Tools and Equipment to be Used in the Performance of Duties

- Weed wrench
- Loppers
- Pulaski
- Hand pick
- Gloves

Training Provided and/or Required

Training on Scotch broom identification and how to use tools will be provided on-the-job.

Knowledge/Skills/Experience Desired

- Ability to walk moderate distances over rough, hilly terrain while carrying a weed wrench

Special Requirements of the Position

- None

Benefits to the Volunteer

- Satisfaction in helping to restore and maintain native plant communities and habitat at Point Reyes
- Time outdoors in one of the most beautiful environments in the country!
