There exists a discrepancy with the two surveys, the "1998 Johnson Plan" shows the west boundary slightly farther to the east. The "1998 Johnson Plan" only references the Schroeder site survey by name.

NOTES:  
 The site boundary for this plan is attributed to:  
 "Information on Plot Plan and Site Plan taken from survey by:  
 Gary Schroeder and Associates  
 Licensed Land Surveyor  
 1817 Grand Avenue  
 San Rafael, CA  
 and information supplied by the Owner."  
 No date of the survey was given.
