Re: Water Bottom Allotment Lease No. M-438-01
Johnson Oyster Company

Dear Bob:

Johnson Oyster Company would like to start culturing Manila Clams on the captioned lease in Drakes Estero. Accordingly, please consider this a request to add that species, Manila clams (*Venerupis japonica*), to the other species specified at page 4 of the captioned allotment at the top of the page.

If memory serves correctly, we had been able to change the species cultured on other leases by administrative change rather than having to go to a noticed procedure. I would hope that the foregoing request could be processed in the same manner. Thank you for your usual courtesy and cooperation in this matter.

Very truly yours,

F. Robert Studdert
