Dear Gordon:

This is in response to your Freedom of Information Act (FOIA) request dated December 31, 2009, and received in this office on January 4, 2010. In your request you sought the following:

1. "The GPS coordinates provided by the Department of Fish and Game of the corners of the one-acre Lease M-438-02....", and
2. "The GPS coordinates of the corners of the clam bag field in harbor seal protection area "UEF" where the clams were actually moved..."

In response to your request, we located the following documents that we are providing to you in their entirety:

1. November 30, 2009, email from Tom Moore, California Department of Fish and Game, to Ben Becker, Pacific Coast Science and Learning Center, containing coordinates for Lease M-438-02.
2. Coordinates "for clam bag area located within a seal protection zone" obtained during site visit by Point Reyes National Seashore Ranger Dan Habig on November 29, 2009.

The fee for providing these documents is less than \$30 and is not being charged in accordance with 43 CFR 2.16(b)(2) and 2.18(a).

If you have any questions concerning your request, please do not hesitate to contact us.

Sincerely,
