Don I can't tell you how horrified I am, we all are, over the video. I never saw it and it was released without anyone's OK. It is appalling and I know everyone involved is upset and sorry. You and I have disagreed about agriculture and mariculture in the Park but his was uncalled for. I am so very sorry. I am enraged they brought Sarah into the film, all so unfair and unnecessary.

I, in this unhappy email, want to congratulate you however on your promotion to Yosemite. That will be a huge challenge but so different from Pt Reyes. Jim Shevock was here last night and we talked about all the good resource management you have accomplished here. You would have been pleased to hear him. I so regret not starting out earlier trying to win your heart to celebrating the agricultural aspects of the Seashore. Anyway my deepest apology for my miniscule role in the video, for the video at all, and my best wishes for your time at Yosemite. P
