

Prescribed Fire at Point Reyes

2014 Projects

ESTERO:

200-acre Estero burn to reduce an infestation of Scotch broom

HIGHWAY 1:

115-acre Strain Hill burn and 80-acre McCurdy burn to create a strategic fuel break and control French broom

Point Reyes National Seashore is planning up to 6 days of controlled burning this fall between September and early November. Up to 2 days of burning will be done in the Estero as part of a restoration project to reduce an infestation of non-native Scotch broom. Up to 4 days of burning will be done along Highway One to create a fuel break of open grasslands and to control non-native populations of French broom.

Detailed maps of the projects are available on the park website at:

<http://www.nps.gov/pore/parkmgmt/firemanagement.htm>

No road closures are anticipated, but there may be temporary delays due to fire equipment along the road. Trails in the project areas may be temporarily closed while burning is in progress. For more information, contact Fire Management Officer Jordan Reeser at 415-464-5235.
