Grant Rundown:

Have you heard about the [America's Best Idea's Grant](#) (think Ken Burns documentary)? Our local Point Reyes National Seashore just received this grant from the National Park Foundation and they've chosen to use that money toward connecting with their local and underserved **YOUTH!**

Our grant project is called the Seashore Youth Ambassadors Project (SYAP). The developing summer/fall schedule aims to engage our local youth and their families with the magical places and people of the Seashore. In other words, can our Seashore inspire, support and serve our kids now and for their future? AND conversely, how can youth be of service and stewardship to the Seashore?

Hope to see you there!
