Tomales Bay Dog Areas

**Steep Cliffs**
Stay on designated trails. The cliffs of Tomales Point are likely to crumble and slide. Climbing on them or walking near the edge invites catastrophe. Keep away!

**Strong currents**
The current and waves in Tomales Bay north of this line can be very dangerous for individuals in kayaks, canoes, and other small watercraft.

**High Tide**
Check tide tables before walking on beaches. Rising water can trap you against a cliff with no possibility of escape.

National Seashore beaches and trails upon which dogs and pets are permitted year-round. Pets must always be on a six-foot or shorter leash.

No dogs or pets permitted on these beaches or sections of shoreline.

Heavy Surf
The pounding surf, rip currents, and severe undertow are treacherous, especially at McClures Beach, Kehoe Beach, and Point Reyes Beaches North and South. Stay away from the water.
