High Tide Check tide tables before walking on beaches. Rising water can trap you against a cliff with no possibility of escape.

Steep surf. The pounding surf, rip currents, and uneven shoreline are treacherous, especially at McClures Beach, Kehoe Beach, and Point Reyes Beaches North and South. Stay away from the water.

Steep Cliffs The cliffs of Tomales Point are likely to crumble and slide. Climbing on them or walking near the edge invites catastrophe. Because of falling rocks, walking immediately below cliffs is dangerous. Keep away.
