Steep Cliffs
Stay on designated trails. The cliffs of Tomales Point are likely to crumble and slide. Climbing on them or walking near the edge invites catastrophe. Keep away!

Heavy Surf
The pounding surf, rip currents, and severe undertow are treacherous, especially at McClures Beach, Kehoe Beach, and Point Reyes Beaches North and South. Stay away from the water.

High Tide
Check tide tables before walking on beaches. Rising water can trap you against a cliff with no possibility of escape.
