

# Rim of the Valley Corridor Special Resource Study Public Scoping Meetings

## Greetings!

The National Park Service is conducting a "special resource study" of the Rim of the Valley Corridor surrounding the San Fernando, La Crescenta, Santa Clarita, Simi and Conejo Valleys in Los Angeles and Ventura Counties of southern California.

The study's purpose is to determine whether any portion of the study area is eligible to be designated as a unit of the national park system or added to an existing national park. The study will also explore other ways that private or governmental entities can protect resources and provide more outdoor recreation opportunities.

As we begin this study, we would like to know more about what you envision for the study area. The study's initial comment period has started and will extend through October 29, 2010. We hope you'll take the time to let us know your thoughts and ideas. We look forward to hearing from you!

## Learn and Share

- Visit the study web site:  
[www.nps.gov/pwro/rimofthevalley](http://www.nps.gov/pwro/rimofthevalley)
- Sign-up for the study mailing list or e-mail list on the study website
- Send us your thoughts, comments, and information by letter, e-mail, or through the study website.
- Attend public meetings to share information and discuss issues, concerns, and potential outcomes.
