

Volunteers Needed!

European Beachgrass Bash

At Freshwater Lagoon

Saturday, February 22, 2014

Meet at **9:00 A.M.** at the Kuchel Visitor Center, 1 mile south of Orick on Highway 101.

After pulling European beachgrass in the morning, we'll have lunch followed by a walk along the beach to identify native beach plants.

Latecomers welcome, just look for the signs!

Become a steward of Redwood National and State Parks and join us on the beach!

Bring a bag lunch, drinking water, work clothes (with layers for changeable north coast weather conditions), and work gloves if you have them. Steady rain cancels.

For more information, please contact Kuchel Visitor Center at (707) 465-7765.
