BARK! Ranger Pledge

As a Redwood BARK! Ranger, I promise to protect my park, sniff new things, and take my human on adventures among the tallest trees in the world.

This certifies that:

__________________________________________

is an official BARK! Ranger.

Sworn in by:

__________________________________________

This wild place has hazards your human might not realize:

- Dead salmon are toxic to pets.
- Bears and mountain lions see pets as a threat or as prey.
- Elk can easily harm pets and humans.
- Poison oak is abundant.

Bag your poop, please! Dispose of it in proper bins.

Always wear a leash not more than six feet long.

Respect wildlife. Don’t harass, chase, harm, or bark at wildlife.

Know where you can go:
Campgrounds, roads, picnic areas, and beaches. If in doubt, ask. Pets are not allowed on park trails.
