

# ROCK CREEK PARK

Foundation Open House | March 3, 2014 | 6:30 – 8:30 p.m.

St. John's College High School - Vaghi Dining Room

2607 Military Road, NW Washington, DC

---

Rock Creek Park is truly a gem in our nation's capital. The features that are administered by Rock Creek Park include numerous additional sites and parks that radiate out from the Rock Creek Valley. Rock Creek Park is both a specific place, a park established by Congress in 1890, and an administrative unit of the National Park Service. Collectively, the sites and landscapes managed by Rock Creek Park reflect a diversity of social needs and reason for creating parks.

---

## FOUNDATION DOCUMENT

The National Park Service is preparing a foundation document to inform planning and management of Rock Creek Park. The park welcomes all interested persons to participate in this effort. A foundation document identifies a national park unit's core purpose and significance, its most important resources and values, and interpretive themes.

---

## GET INVOLVED

The National Park Service encourages all interested persons to play a role in outlining the park's future by sharing their thoughts on the following questions.

**1 |** What is most important about Rock Creek Park?

**2 |** What are the greatest threats to Rock Creek Park?

**3 |** What should citizens and visitors know about Rock Creek Park?

**4 |** What are challenges and/or opportunities related to the protection of **cultural resources** at Rock Creek Park?

**5 |** What are challenges and/or opportunities related to the protection of **natural resources** at Rock Creek Park?

**6 |** What are challenges and/or opportunities related to **recreational use** at Rock Creek Park?

To provide feedback from your home, visit the park planning website for Rock Creek Park.

## COMMENT FROM HOME

Comments submitted by email or using the park planning website will be most helpful if received by March 3, 2014. The website will accept comments until March 10, 2014.
