

Saturday Night in the Park

A FREE speaker series at the Kawuneeche Visitor Center to Celebrate the Centennial

Saturday evening programs begin at 7:00 PM in the Visitor Center Auditorium

August 1, 2015

A Hundred Years in Nature: The Dynamics of RMNP

Pierre Glynn, *U. S. Geological Survey*

How have climate change and other natural and human processes affected Rocky Mountain National Park over the last 100 years? What does 100 years mean relative to the time scale of both shorter and longer processes affecting the park?

August 8, 2015

Bears, Bears, Bears!

Jeromy Huntington, *Colorado Parks and Wildlife*

Bear sightings are becoming increasingly common in the Colorado River District of RMNP. Join a district wildlife manager from Colorado Parks and Wildlife to discuss bear biology and learn to be bear aware.

August 15, 2015

People of the Kawuneeche Valley

Dave Lively, *local Grand Lake historian*

In this Centennial Season, join us for a look back at the people who have called the Kawuneeche Valley home. From Native Americans, to early trappers and settlers, to modern day tourists, many people have been drawn to this lovely, high mountain valley.

August 22, 2015

The Grand Corale, *local men's chorus*

Saturday Night in the Park welcomes Grand County's premier men's chorus, The Grand Chorale. Come hear this a capella group sing your old favorites and barbershop quartets, too!

August 29, 2015

Preserving and Restoring Structures in National Parks

Robert Canon, *Rocky Mountain National Park, Maintenance Ranger*

Mr. Canon, a recent graduate of the National Conservation Training Center's Preservation and Skills Training, will provide a presentation on the National Park Service's efforts towards maintaining and preserving historic structures in Rocky Mountain and the National Park System.
