Mission Trails is a designated route between the five San Antonio missions, identifiable by green candy cane light poles and brick edge paving, designed to serve a multi-modal range of users to include bicycles, pedestrians, and personal vehicles.

River Walk Trail is a community investment to revitalize the river through ecosystem restoration, flood control, multi-use trails and recreational opportunities. Mission Reach is the 8-mile segment connecting to the missions. For additional information and up to date trail closures visit: www.sanantonioriver.org

B-cycle is San Antonio’s municipal bike sharing system that provides alternative transportation downtown and along the Mission Reach. Information on affordable rates and more at: www.sanantonio.bcycle.com
