**Regulations**  
Enjoy the River Safely and Responsibly

**Boating and Paddling (36CFR 3)**
- Wear your life jacket. Approved life jackets for each person are required on your vessel.
- Children under 13 are required to wear a life jacket.
- Slow-no wake, which is operation of a motorboat at the slowest possible speed necessary to maintain steerage, is in effect within 100 feet of:  
  - A downed water skier;  
  - A person swimming, wading, fishing from shore or floating with the aid of a flotation device;  
  - A designated launch site;  
  - A manually propelled, anchored or drifting vessel; or  
  - Whenever the water level reaches or exceeds 683.0 feet mean sea level as measured at the Stillwater gauge. (MNV 105.0330.2; WI NR 5.33(1))
- Slow Speed Zone: from the dam at Taylors Falls to the Arcola Sandbar located approximately at mile 31.0.
- Slow Speed: operation of a motorboat at a leisurely speed, less than planing speed, whereby the wake or wash created by the motorboat is minimal.
- Campfires and Firewood (36CFR 2.1)
  - Open campfires are allowed only in metal campfire rings.
  - Dead and down wood may be collected for campfires from shoreline areas but not from islands.
  - The cutting of live vegetation is strictly prohibited.
  - To prevent the spread of emerald ash borer, only use firewood that is kiln dried or collected within 25 miles of where it will be used.
  - Campfires must be out and cold before you leave the area.
- Fishing (36CFR 2.3)
  - Dumping or release of live bait is prohibited.
  - Use of live crayfish as bait is prohibited.
  - Help prevent the introduction of invasive species. Never release bait, bait water, or water from live bait wells into the river.
- Sanitation and Refuse (36CFR 2.14)
  - Portable toilets are required to be possessed and used by campers from landing and Osceola Landing.
  - Carry out all trash.
  - Pet waste must be removed from the park or be buried at least 6 inches underground and a minimum of 100 feet from any water source, high water mark, trail, or facility.
  - Littering is not allowed.
  - Please do not put trash in toilets.
- Individual campsites accommodate a maximum of 8 people and 3 tents.
- Group sites accommodate a maximum of 16 people and 6 tents.
- A camping permit is required for visitors camping outside of state parks in the stretch of river between U.S. Highway 8 (SR 52.5) and the High Bridge (S29.5).
- Tents must be occupied on the first night of stay. Equipment left unattended to hold a site will be treated as abandoned.
- Resource Protection (36CFR 2.1)
  - Collecting live or dead mussels, empty mussel shells, historical artifacts, or wildflowers is prohibited.
- General
  - Pets must be on a leash no longer than 6 feet. Pet waste must be removed from the park or buried. (36CFR 2.15(a)(1))
  - Possession or shooting of fireworks are prohibited. (36CFR 2.38(b))
  - Quiet hours are from 10:00 pm to 6:00 am. (36CFR 2.10(b)(4))
  - Do not jump or dive from cliffs, trees, swing ropes, or bridges. (36CFR 1.5)
  - Alcohol is prohibited at Osceola Landing and Eagle’s Nest campsite. (36CFR 1.5)
- Safety Tips
  - Check river conditions before launching www.nps.gov/sacn/planyourvisit/current-conditions.
  - Know your paddling ability. Not all stretches of the Riverway are suitable for beginners.
  - Avoid trees that have fallen into the river. They can catch and overturn your vessel.
  - Wear sunscreen, sunglasses, and a hat to prevent sunburn.
  - Use alcohol responsibly.
  - Do not bring glass containers to the Riverway. Broken glass cuts bare feet.
  - Protect your feet with river shoes or sandals.
  - Bring your own drinking water. River water is not safe to drink unless purified.
  - Check for ticks.
  - Watch for poison ivy.

For COVID-19 updates, see www.nps.gov/sacn.

---

**In This Stretch**
- No rapids are found in this stretch, and powerboats are common.
- Much of the land in this section is private.
- A permit to camp is required in this stretch. See: www.nps.gov/sacn/planyourvisit/camping.
- The William O’Brien State Park Landing is located in a side channel behind an island to the right.
- The river becomes shallower and narrows at the Arcola Sandbar due to the Apple River flowing in and depositing sediment.
- Upstream travel past the High Bridge is prohibited to prevent the spread of zebra mussels.
- ALERT: Osceola Landing will be under construction through 2022. For information, please see: www.nps.gov/sacn or call 715-483-2274.

Much of the property along this section of the St. Croix River is privately owned. Please observe the rights of the property owners by not trespassing or using facilities without the landowner’s permission.

Boating Speed Regulations:
Slow Speed: The area south of the hydroelectric dam in Taylors Falls/St. Croix Falls to the Arcola Sandbar at approximately mile 31.0 is a slow speed zone. Slow speed is operation of a motorboat at a leisurely speed, whereby the wake or wash created is minimal.

Slow-No Wake: In addition, a slow-no wake rule is in effect when within 100 feet of a downed water skier; a person swimming, wading, fishing from shore or floating with the aid of a flotation device; a designated launch site; a manually propelled, anchored or drifting vessel; or whenever the water level reaches or exceeds 683.0 feet at the Stillwater gauge.

Zebra Mussel Access Control Point
Upstream boat travel past the High Bridge (mile 29.5) is prohibited to prevent the spread of zebra mussels.
