

FIND YOUR

SAGUARO

Centennial Saguaro Survey

Citizen Scientist Internship at Saguaro National Park

Become a part of history and be a part of
the longest vegetation programs in the
National Park Service!

Network with Park Staff! Hike! Be outside!
And become an expert of Saguaros!

Receive college credit
while collecting data on one of
Sonoran Desert's icons, the Saguaro!
Interns will work with the Resource Management
Division of Saguaro National Park to assist with
data collection and lead groups for our
Centennial Saguaro Surveys. We request
individuals to have experience in
hiking, communicating to large
groups of all ages and skill
sets, and an interest in
the future of
saguaros.

Please send your resume and two references to
Carolyn_harper@partner.nps.gov. Application
deadline is August 28, 2015. Internships will start
the beginning of September and end April 2016.
