

How might climate change affect Saguaro National Park?

Please join us at a SYMPOSIUM for the public on how our desert may be responding to climate change. Leading scientists will share recent research results in Saguaro National Park and the surrounding Sonoran Desert region.

Keynote speakers:

- **Dr. Jonathan Overpeck, Co-Director of the Institute of the Environment, IPCC co-author and Nobel Laureate**
- **Dr. Travis Huxman, Director of Biosphere 2 and University of Arizona Professor of Ecology and Evolutionary Biology**
