In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following provisions apply to all lands and waters administered by the National Park Service, within the boundaries of Salem Maritime National Historic Site (SAMA) and Saugus Iron Works National Historic Site (SAIR). Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

Written determinations, which explain the reasoning behind the Superintendent's use of discretionary authority, as required by Section 1.5(c), appear in this document identified by italicized print.

- Park visitor centers and other public facilities are closed on the following designated federal holidays: New Years Day (January 1), Thanksgiving Day, and Christmas Day (December 25).
- The park superintendent may close park facilities due to severe weather on an as needed basis.
- The Salem Regional Visitor Center (Downtown Salem, 2 New Liberty St) is open variably, subject to funding, visitation levels and season. The retail facility known as "Waite & Peirce" (Salem Waterfront, 193 Derby St) and is open variably, subject to operational capacity.

Closures:

- Derby Wharf road and trail between Derby St. and Derby Lighthouse is closed to all traffic, accept authorized vehicles. *This closure is established to protect the health and safety of park visitors and the fragile nature of historic structures, and is the minimum restriction necessary to achieve such protection.*

- The Saugus Iron Works industrial area and the east bank of the Saugus River are closed seasonally from November through mid-spring (gates entering the east bank area are closed and locked and stairs and walkways that descend from the Iron Works House lawn overlook are blocked/signed as closed). *This closure is established to protect the health and safety of park visitors and ensure that snow covered and icy walking surfaces do not cause slips and falls by visitors. No visitor services (tours and demonstrations) are provided during this period in the industrial area. Visitors may, when the lawn area is open daily, view the industrial area and Saugus River from the charging bridge that overlooks the river.*

This closure condition will be revisited when a final determination of unmanned aircraft policy is implemented by the National Park Service.*
