**Purposes** The purposes of this application are (1) to provide a National Park Service (NPS) park superintendent with information to approve or deny requests for activities that provide a benefit to an individual, group, or organization, rather than the public at large; and (2) to help NPS staff manage the activity to ensure that the permitted activity does not interfere with the enjoyment of the park by visitors and that the natural and cultural resources of the park are protected.

Deliberately and materially making false or fraudulent statements on this form will be grounds for denying you a Special Use Permit.

If your request is approved, a permit containing applicable terms and conditions will be sent to you. The permit must be signed by the responsible person and returned to the park for final approval by the Park Superintendent before the permitted activity may begin.
