*The Paramount Ranch Western town set was the main featured town in these series. For Hotel de Paree, Klondike & Best of the West – exterior scenes; Dr. Quinn, Medicine Woman, Carnivale, Quick Draw & Escape the Night made use of both exterior and interior spaces.

**Scenes for the town of Escalante and additional scenes in open landscape areas were filmed at Paramount Ranch for Westworld.

TV productions that used Paramount Ranch have filmed everything from just brief scenes to entire episodes to multiple episodes. Many used the town, but many only used the open landscape around the ranch. (Episodes on this list used the town, except where otherwise noted.) See the Internet Movie Database (IMDB) for more detailed episode information for all listed shows. Documentation here comes from National Park Service filming records (1981 to present), from viewing the shows and from photographs. This list is not all inclusive, as ongoing research continues to reveal unknown titles.
