

## Why a sobriety checkpoint?

Checkpoints offer the most effective DUI enforcement strategy, according to the National Highway Traffic Safety Administration.

Checkpoints take dangerous drivers off the road. They increase awareness of consequences of impaired driving and encourage use of sober designated drivers. Rangers consider officer and public safety when choosing checkpoint locations.

At Sequoia and Kings Canyon National Parks, we are committed to decreasing DUI accidents. By publicizing these enforcement and education efforts, we hope to decrease the number of DUI incidents today and in the future.
