## Talks

Meet at the flagpole of the Foothills visitor Center for a 20 minute chat.

### Critter Chat

Bears, deer, and other wildlife abound in the Oak Woodlands of the Sequoia Foothills. Get to know some of the creatures that live in the most diverse ecosystem in California.

## Activities

### Investigation Station

What can animal's teeth tell us? What does a wild cucumber look like? Come investigate the plants and animals of the foothills and discover the many stories they have to share. Drop in at the Foothills Visitor Center between 2:30 pm and 3:30 pm to learn more about life in the park.

### People, Places, & the Past

Discover Hospital Rock! Step back in time and learn more about the people who called this area home. Meet near the bear box in the Hospital Rock Picnic Area. 30 minutes.

### Junior Ranger Program

Wildlife is all around us, but often all we see of bears, owls, and bobcats is the scat, tracks, and sign they leave behind. Kids of all ages are welcome to discover what bears eat, owls hunt, or what's been sniffing around your campsite. Saturday mornings at the Potwisha campfire circle. 1 hour.

## Evenings at Potwisha

Meet at the Potwisha Campfire Circle. 1 hour.

### Ranger Skills

Friday, take part in all sorts of fun activities that will help you explore the world like rangers do. Ranger Amir will show you how to navigate using the sun and much much more.

### The Foothills: Foundations of Life

Saturday, join Ranger Dani Crawford to learn how both visitors and animals meet their needs in the unique foothills ecosystem, and why it's essential to protect this area for future generations.

## Walks

### Twilight Walk

As darkness falls, our senses come alive to open a whole new world of discovery. Take a stroll with a ranger on the Paradise Creek Trail and get a glimpse of the changing world at twilight. Park at Hospital Rock and walk 1 mile to meet at the trailhead in Buckeye Flat Campground for this 1 hour, ½ mile, easy walk.
